

US QUIDDITCH ORGANIZATIONAL CHART

- Department
- Employee
- Volunteer

Office of the ED

The Executive Director (ED) is responsible for the overall functioning of USQ and manages the employee team. Additionally, the ED oversees finances, risk management, technology, human resources, and fundraising and partnerships. The ED is the external spokesperson for USQ and the “face” of the company.

Gameplay Department

The Gameplay Department, managed by Sarah Woolsey (Executive Director) oversees and runs all aspects of USQ gameplay, to ensure that the league maintains high standards of competition and fair play. The gameplay department manages all gameplay policies, determines gameplay structures and schedules for USQ-hosted events, manages the disciplinary review process, and serves as a resource for tournament directors and staff.

Communications Department

The Communications Department, managed by Sarah Woolsey (Executive Director) and Mary Kimball (Events Director), publicizes the sport of quidditch and the activities of USQ to preexisting player and fan bases and seeks to expand the league’s audience. It also focuses on visually representing the sport in a way that is consistent with USQ’s messaging and brand guidelines. The department works collaboratively on editorial, marketing, social media, PR, and design.

Events Department

The Events Department, managed by Mary Kimball (Events Director) and the Events Manager (Olivia Caughey), oversees and runs all USQ events, including regional championships and nationals, to ensure that they maintain high standards of competition, spectator experience, and USQ branding and recognition. The events department also handles all communication and logistics regarding event bidding; oversees tournament director certification as well as policy compliance for official games; manages event sanctioning; and creates guidelines for official USQ tournaments and games.

Membership Department

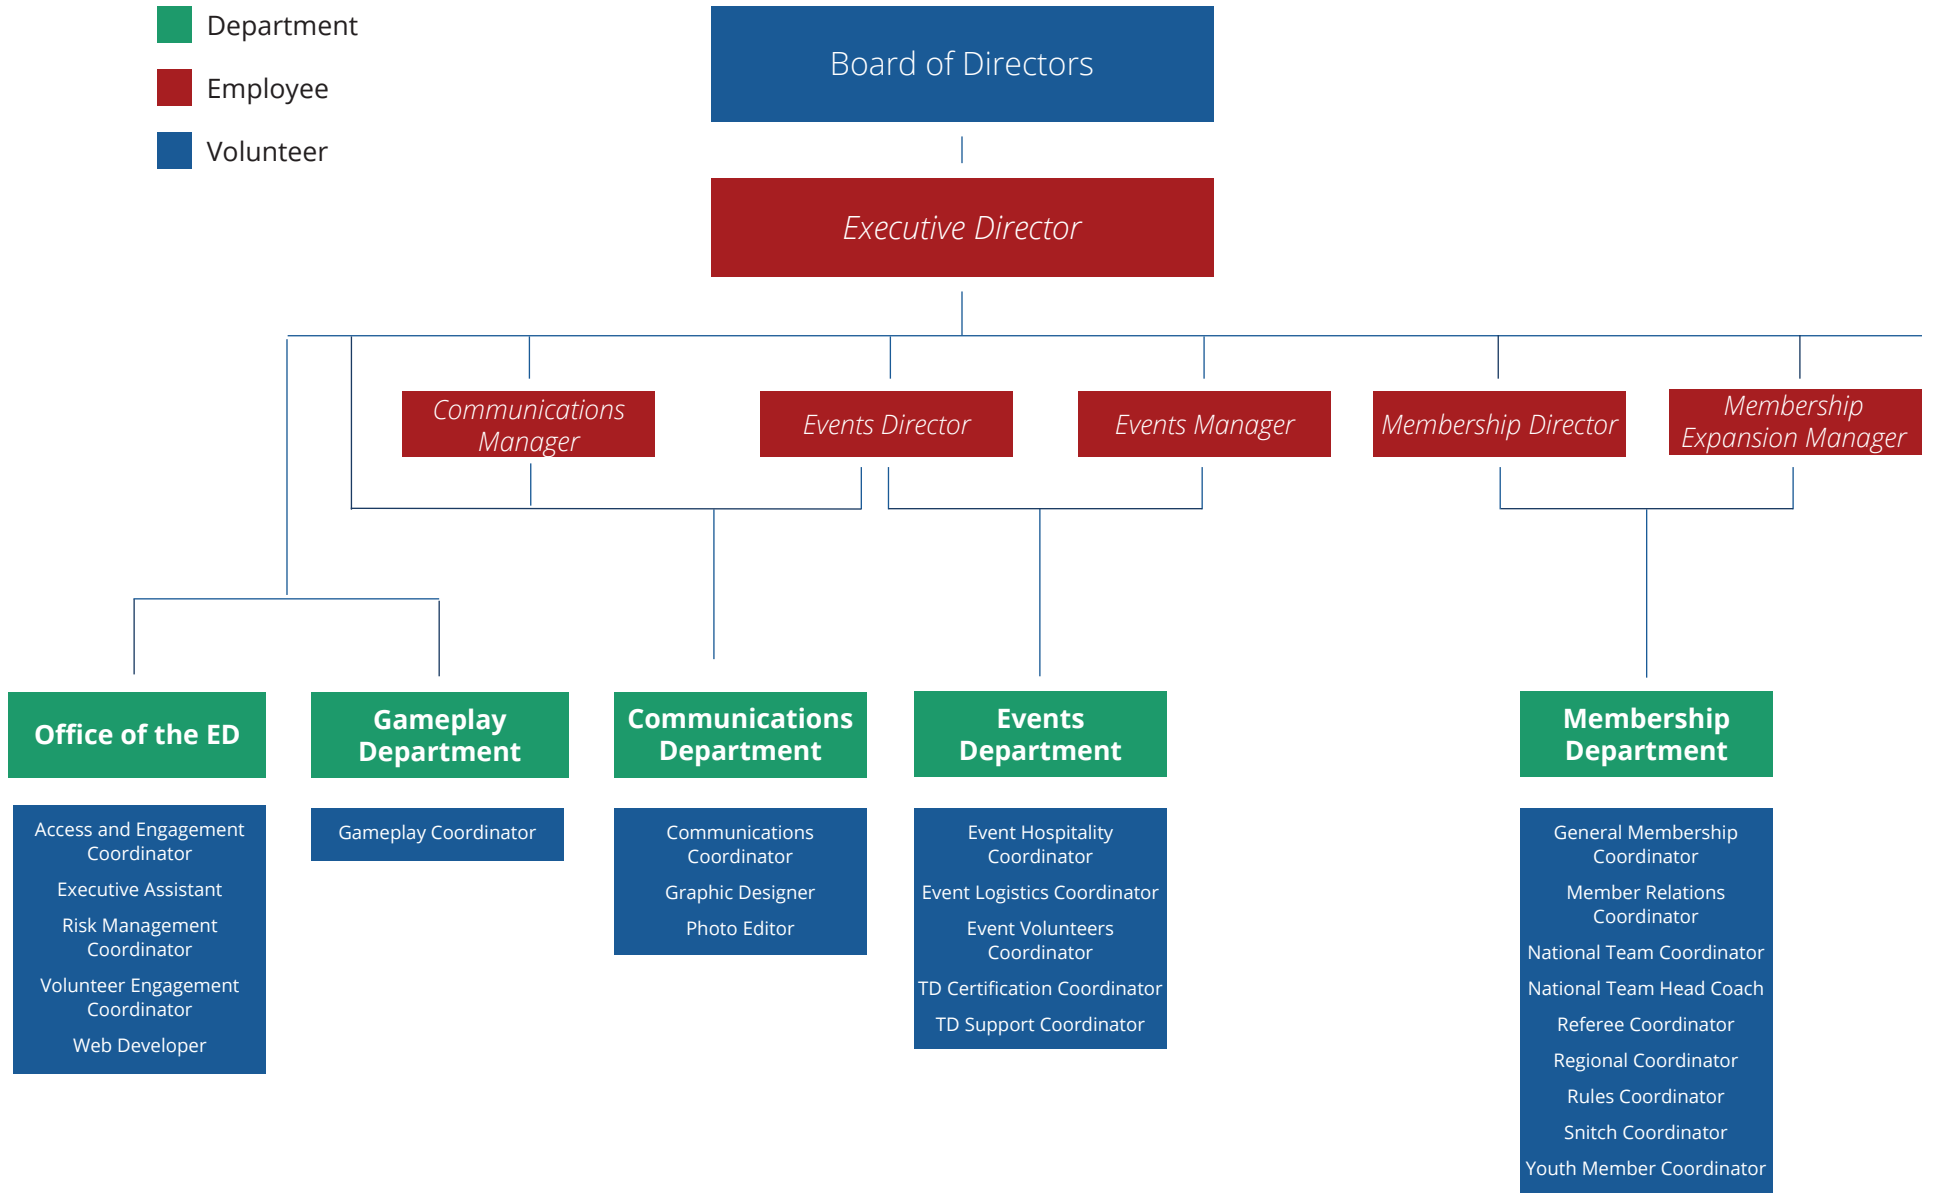

The Membership Department, managed by Eric Schnier (Membership Director), is responsible for assisting member teams in understanding and complying with USQ requirements and making sure each team is getting the most out of their membership. Membership staff maintain the membership database, manage benefits for member teams, respond to member and potential member inquiries, and manage coach certification, and team grant and sponsorship opportunities. The Membership Department also houses the officials team, which works to certify and develop high-quality referees and snitches.
