Basics of the Game

QUIDDITCH: AN OVERVIEW

Quidditch is a mixed gender contact sport with a unique mix of elements from rugby, dodgeball, wrestling, flag football, and other sports. A quidditch team is made up of at least seven athletes who play with brooms between their legs at all times. While the game can appear chaotic to the casual observer, once familiar with the basic rules, quidditch is an exciting sport to watch and even more exciting to play.

POSITIONS OVERVIEW

Each team has three chasers, two beaters, and one keeper in play at all times. Each team sends one seeker into the game at the end of the seeker floor (See: 3.4.2. Seeker floor).

Chaser overview

Chasers in play per team: Three
Game ball used: Quaffle
Headband color: White
Objective: Throw, kick, or in any way pass the quaffle through the opposing team’s hoops to score ten points.

Keeper overview

Keepers in play per team: One
Game ball used: Quaffle
Headband color: Green
Objective: Prevent opponents from throwing, kicking or otherwise propelling the quaffle through their team’s hoops.

Beater overview

Beaters in play per team: Two
Game ball used: Bludger
Headband color: Black
Objective: Throw, kick, or in any way propel the bludgers to disrupt the flow of the game by “knocking out” other players.

Seeker overview
Seekers in play per team: One
Game ball used: Snitch
Headband color: Yellow
Objective: Remove the snitch tail from the snitch runner to score 30 points and end the period.

GAMEPLAY OVERVIEW

Quaffle players

A. The chasers and keepers use the quaffle to score goals. Goals are worth ten points each.
B. Quaffle players advance the ball down the field by running with it, passing it to teammates, or kicking it.
C. Quaffle players defend against potential goals by the opposing team through positioning themselves or through initiating legal physical contact with other quaffle players.
D. While in their team’s own keeper zone, the keeper is immune to the knockout effect and has several other specialized powers (See: 7.2.2. Keeper-specific powers). During this time, the keeper is considered to be a protected keeper. Otherwise, the keeper position is the same as the chaser position.

Bludger players

A. The beaters use bludgers to disrupt the flow of the game by “knocking out” any player from the opposing team who does not have knockout immunity (See: 5.5.2. Claiming knockout immunity).
B. Any player hit by a bludger propelled by an opponent is out until they complete the knockout procedure, unless they have knockout immunity (See: 5.3.1. Knockout procedure).

Snitch players

A. The seekers try to remove the snitch tail from the snitch runner to score 30 points and end the snitch period. The three periods are “seeker floor”, “snitch period” and “overtime”. If the score is tied after a snitch catch, the game proceeds into overtime.
B. The snitch is a ball attached to the waistband of the snitch runner, a neutral athlete and official dressed in yellow, whose job it is to remain fair to both teams while avoiding capture for as long as possible.

FOULS OVERVIEW

From the time that players enter the player area for a game until after the game has ended, players are forbidden from taking certain actions called fouls. Players who commit a foul face different consequences depending on the severity of the offense.
Back to hoops

A back to hoops foul indicates a player must cease active play and complete the knockout procedure (See: 5.3.1. Knockout procedure).

Blue card

A blue card indicates a player must spend one minute of game time in the penalty box and the player’s team must play a player down for this minute. If the opposing team scores before the minute expires, the player may be released early and re-enter play. Blue cards do not stack to become higher penalties.

Yellow card

A yellow card indicates a player must spend one minute of game time in the penalty box and the player’s team must play a player down for this minute. If the opposing team scores before the minute expires, the player may be released from the penalty box early and re-enter play. A player who receives three yellow cards in a single game must be issued a red card.

Red card

A red card indicates a player is barred from the rest of the game and the player’s team must play a player down for two full minutes of game time.

Ejection

A referee may eject a player for egregious violations of the rules.
1. Team Composition and Substitutions

1.1. Leadership and Team Staff

1.1.1. Mandatory speaking captain

Each team must designate one individual on their official roster to serve as the speaking captain for a game.

A. The speaking captain has the power to speak for the team when conversing with officials.
   i. Players may speak to officials on their own behalf.
   ii. Officials may direct any person to stop speaking with any official.
B. If the team’s speaking captain is unable to continue the duties of the position for any reason, their team must select an alternate speaking captain.
   i. If the team’s original speaking captain for the game legally returns to the bench or pitch, they shall resume the role of speaking captain.
C. Speaking captains may only enter the pitch while play is stopped unless they are entering as an active player.
   i. If the speaking captain substantially illegally enters the pitch or affects play while illegally on the pitch, they are encroaching on the pitch.

⚑ Blue Card—Encroaching on the pitch

1.1.2. Team staff

Non-playing members of the team, including non-playing coaches, are “team staffers.”

A. Tournament directors may limit the number of team staffers allowed in the player area.
   i. This number cannot be limited to less than three.
B. The names of team staffers must be communicated to the tournament director prior to the event if they are not on the roster as a coach.
C. Team staffers are not eligible to enter play.
   i. If a team staffer engages in any action that would result in a penalty for a substitute, the team staffer shall receive the same penalty.

⚑ Blue Card—Encroaching on the pitch

1.2. Rosters
A. Each team is made up of between seven and twenty-one players.
   i. A team must have seven eligible players to begin or continue a game.
      a. If a team is reduced to having fewer than seven eligible players at any time during
         a game, that team must forfeit the game.
B. Team rosters must abide by all USQ regulations regarding rosters.

*Forfeit*—Falling below seven eligible players

1.2.2. Positions

A. A team shall have one keeper in play.
   i. Keepers must wear a green headband on their forehead.
   ii. Keepers may use the quaffle in any legal manner.
B. A team shall have three chasers in play.
   i. Chasers must wear a white headband on their forehead.
   ii. Chasers may use the quaffle in any legal manner.
C. A team shall have two beaters in play.
   i. Beaters must wear a black headband on their forehead.
   ii. Beaters may use the bludgers in any legal manner.
D. After the end of the seeker floor a team may have one seeker in play.
   i. Seekers must wear a yellow headband on their forehead.
E. Any players not in play are substitutes.
   i. Substitutes are not designated as being at any position.
   ii. Substitutes are not required to wear a headband.
F. Players in the penalty box are considered in play and count toward the position
   requirements for their teams.
G. No penalty shall be given if teams are lacking a full complement of players either due to
   an active substitution or if a seeker accidentally neglects to enter the field at the end of
   the seeker floor.
H. If a team cannot field a full set of players because doing so would cause that team to
   exceed the gender maximum, the team may continue to play with fewer than the required
   number of players on the field (See. 1.2.3. Gender maximum rule.)
   i. A team may not start a game if they cannot field a full legal set of players.
   ii. One keeper, one beater, and one chaser are compulsory in play, even when there are
      fewer than seven players in play.
      a. This includes players in the penalty box.
      b. After conclusion of the seeker floor in any period, a seeker is also compulsory.
   iii. If the team regains the ability to legally field a full team, the team must do so.
a. In this instance, the player enters from the bench.

*Speaking Captain Yellow Card*—Illegal set of players in play

*Speaking Captain Yellow Card*—Intentionally failing to send a seeker into the game

### 1.2.3. Gender maximum rule

A. During a seeker floor, a team may not have more than four players who identify as the same gender in play.
   i. A player serving penalty time is considered in play.

B. After the seeker floor, a team may not have more than five players who identify as the same gender in play for the remainder of the period.
   i. A team may not have five players who identify as the same gender in play until the initial seeker enters play.

C. The gender that a player identifies as is considered to be that player’s gender.

*Speaking Captain Yellow Card*—Illegal set of players in play

### 1.2.4. Correcting illegal sets of players

When the speaking captain receives a penalty for having an illegal set of players in play, they must correct the violation with as few substitutions as possible before play is restarted.

### 1.3. Substitutions

#### 1.3.1. Substitution procedure

To replace a player with a substitute while play is not stopped, the following conditions must be observed:

A. The player substituting out is not knocked out.

B. The player substituting out exits the pitch within the team’s substitution area and then promptly dismounts.
   i. The player must not dismount before crossing out of the pitch.
   ii. The player substituting out is no longer eligible to be knocked out once they have dismounted.

C. Any other equipment (including headbands), must be traded while off the pitch.

D. The substitute entering play must mount the broom in the substitution area and step onto the pitch before interacting with play.
   i. The substitute enters the pitch along the boundary of the team’s substitution area.
   ii. A substitution is complete when the substitute crosses the boundary of the team’s
substitution area into the pitch and is only touching the ground inside the pitch.

a. The substitute is then immediately eligible to engage in gameplay and is eligible to be knocked out.

E. The entering player receives the penalty for any violations of this procedure.

F. If a player enters play through a substitution that violates this procedure, but has not yet interacted with play, the official shall call a substitution violation instead of an illegal substitution.

i. If the entering player interacts with play before the call, or before correcting the substitution violation, they must be penalized for an illegal substitution.

ii. A player who repeatedly commits substitution violations must be penalized for an illegal substitution.

-repeat Procedure—Substitution violation

-blue Card—Illegal substitution

1.3.2. Substitution guidelines

A. Players may only change positions by substituting, changing headbands, and re-entering the game.

B. Substitutions may only be made while play is not stopped with the following exceptions:

i. Replacing an ejected player (See: 9.1.6. Ejection).

ii. Replacing an injured player (See: 1.3.3. Substitutions due to injury).

iii. A keeper changing positions with another player in play when sent to the penalty box (See: 9.4.2. Proceeding to the penalty box).

iv. Replacing a player in play with a fouling substitute (See: 9.4.5. Penalties to substitutes and team staffers).

v. Correcting violations after receiving a penalty for having an illegal set of players in play (See: 1.2.4. Correcting illegal sets of players).

1.3.3. Substitutions due to injury

A. The head referee may, at their discretion, require that a player leave the player area to receive medical attention.

B. If a player is injured and play is not stopped, any substitution must follow all of the substitution procedures as outlined in 1.3.1. Substitution procedure.

C. Play must be stopped for an injury when a player in play is openly bleeding or is down and too injured to continue to play or substitute.

i. Play should be stopped immediately if the injured player is obstructing gameplay or has a serious injury, including any non-superficial head injury.

ii. If the injury is not serious and the player is not obstructing active gameplay, the head
referee should allow play to continue until stopping play would not significantly
advantage either team or play moves into the area of the injured player.

D. If a player is injured and play is stopped:
   i. The injured player may leave the pitch to be replaced by a substitute.
      a. If play is stopped for a player’s injury, that player must leave the pitch.
      b. A bleeding player may not re-enter play until the bleeding has stopped. If an
         injury is severe, the head referee may require that the player be checked out by a
         medical professional before allowing them to return to play.
         1. The bleeding player is ineligible to return to play until receiving permission
            from an official, who must be satisfied that the bleeding has stopped.
   ii. Any injured player who leaves the pitch must be replaced by an eligible substitute.
      a. While play is stopped, the substitute replaces the player at the spot of the injured
         player when play was stopped. The substitute retains possession of any ball held
         by the injured player. If the injured player was knocked out, the substitute is off
         broom when play is restarted.
      b. If there is no eligible substitute that conforms to the gender maximum rule, a
         team may play a player down instead of substituting.
         1. If this would leave a position without at least one player, another player in
            play must change to the position and location of the injured player.
      c. If a player is forced, by rule, to leave the pitch for a non-severe injury and there is
         no eligible substitute, that player may take their broom and resume play at the
         boundary of their substitution area.

E. A player may not feign an injury for any reason.

⚑ Yellow Card—Feigning an injury

1.3.4. Substitutions between periods

Teams may make substitutions between periods without following the substitution procedure.

A. Any player serving time in the penalty box may not be substituted out between periods.
B. If a player receives a penalty card for a foul occurring after the head referee signaled the
   end of the period, it shall be treated as a penalty against a substitute, and the speaking
   captain may choose the position at which the penalty shall be served.

⚑ Speaking Captain Yellow Card—Illegal substitution between periods

1.4. SUBSTITUTION AREA AND THE TEAM BENCH

1.4.1. Team bench and substitution area restrictions
A. All substitutions must occur in the substitution area and not in the team bench.
B. Substitutes and team staff must remain in the team bench or substitution area whenever play is not stopped and must not crowd the pitch boundary line unless about to substitute into the game.
   i. If a team is repeatedly illegally crowding the pitch boundary line, the officials may require all substitutes on that team to remain in the team bench unless about to substitute into the game.
C. Any extra equipment or property not necessary for play must be kept securely stored in the team’s bench.
   i. Any extra balls kept in the team bench must be stored in a bag or other storage container.

1.4.2. Leaving the substitution area, bench, or player area

A. One substitute or team staffer at a time may leave the substitution area or team bench to check information with the scorekeeper or timekeeper, but must neither interfere with the scorekeeper or timekeeper’s duties, nor enter the pitch.
B. The team’s speaking captain may leave the player area in order to communicate with tournament staff.
C. Any person in need of medical attention may leave the player area to receive it.
   i. All players who leave the player area in this way may return to the game if they are medically cleared.
   ii. If necessary, anyone designated by the team’s speaking captain may leave the player area to attend to an injured teammate.

1.4.3. Sideline interference

A. It is sideline interference if a substitute directly affects play when either of the following are true:
   i. The substitute is intentionally and illegally outside of both the substitution area and team bench.
   ii. The substitute failed to make every reasonable effort to avoid the play.

- Blue Card—Sideline interference
- Red Card—Intentional sideline interference
2. Equipment and Dimensions

PITCH DIMENSIONS DIAGRAM
2.1. FIELD LINES AND MARKS

2.1.1. Boundary lines

The pitch consists of four boundary lines which form a 36 by 66 yard rectangle.

   A. The 36 yard boundary lines are the endlines.
   B. The 66 yard boundary lines are the sidelines.
      i. The sideline closest to the scorekeeper’s table is the “scorekeeper’s sideline.”

2.1.2. Midfield line

The midfield line connects the midpoints of the sidelines.

2.1.3. Keeper zone lines

There are two keeper zone lines, which run parallel to the endlines, connect the sidelines, and are positioned 12 yards away from the midfield line on either side of it.

2.1.4. Goal lines

There are two goal lines, which run parallel to the endlines, connect the sidelines, and are positioned 18 yards away from the midfield line on either side of it.

2.1.5. Penalty boxes

Each team has a penalty box outside of the pitch.

   A. Each box is a 6 by 6 yard square area that begins at the midfield line and extends along the scorekeeper’s sideline in the direction of the team’s bench.
2.1.6. Ball positions

There are four ball positions.

A. The first two ball positions are 9 yards to either side of the center of the midfield line, with the quaffle placed on the position farthest from the starting line.
B. The other two ball positions are at the center of each keeper zone line.

2.1.7. Substitution areas

Each team’s substitution area is a 21 by 3 yard rectangle outside of the pitch and bordering their own keeper zone.

A. One side of the substitution area is the scorekeeper's sideline inside the keeper zone.
B. The substitution area extends 3 yards away from the sideline.

2.1.8. Team benches

Each team’s bench is a 21 by 3 yard rectangle that extends 3 yards farther from the pitch behind their substitution area.

2.1.9. The player area
The player area is a rectangle enclosing the pitch with the pitch at its center.

A. This rectangle is:
   i. 48 yards wide and 72 yards long.

B. The player area must be clear of obstacles and dangerous terrain.
   i. No tournament-specific obstructions, such as a scorekeeper’s table, may be set up within the player area.

C. During gameplay, the player area is reserved for:
   i. Players on the active roster of the teams in play.
   ii. Referees and officials assigned to the game currently in play.
   iii. Tournament staff given access to the player area (at their own risk) at the discretion of the head referee or tournament director.
   iv. Team staffers as designated in 1.1.2. Team staff.

D. No spectators may enter the player area.

2.1.10. Field markings
Various parts of the pitch and surrounding area should be marked in a clear manner. These markings are usually made with cones or lines.

A. The following must be marked in some way:
   i. The pitch boundary as described in 2.1.1.
   ii. The midfield line as described in 2.1.2.
   iii. The keeper zone lines as described in 2.1.3

B. The following markings are optional, though recommended:
   i. The goal lines as described in 2.1.4.
   ii. The penalty boxes as described in 2.1.5.
   iii. The ball positions as described in 2.1.6.
   iv. The team benches as described in 2.1.8.
   v. The player area as described in 2.1.9.
   vi. The hoop positioning as described in 2.2.3.
      a. These markings must not interfere with the stability of the hoops.
2.2. HOOPS

2.2.1. Hoop composition and construction

A. Each hoop must be made up of a post and a circular loop attached to the top. These may be made of any material other than metal or concrete and must not be dangerous to players.

B. A hoop may be attached to a base to keep it upright.
   i. This base should not affect the hoop height.
   ii. Other than metal fasteners, the base must not be made of hard metal or concrete.

C. Hoops must be freestanding and able to withstand play.
   i. Referees must disallow any hoops or bases that they believe are dangerous to the players.

2.2.2. Hoop shape

A. Each set of hoops must have posts of three different heights.
   i. These heights must be 3 feet, 4.5 feet, and 6 feet.

B. A hoop loop must be fastened to the top of each post.
   i. The inner diameter of each hoop loop must be 33 inches.
   ii. The attachment of the hoop loop must not make the total height of the post exceed the required post heights.

2.2.3. Hoop positioning

A. Three hoops are positioned on each goal line.
   i. The 6 foot hoop must be placed at the center of the goal line.
   ii. The other two hoops are placed on the goal line, 3 yards away from the 6 foot hoop on either side.
   iii. Facing either set of hoops from midfield, the 3 foot hoop must be on the left and the 4.5 foot hoop must be on the right.

B. The hoop loops must be in line with the goal line.

2.3. GAME BALLS

2.3.1. The quaffle

The quaffle must be:

A. A volleyball.
B. Between 25.6 and 26.4 inches in circumference.
C. The quaffle must maintain its spherical shape and must be neither inflated all the way nor so flat that the average player could grip a bulk of the leather in one hand.

2.3.2. Bludgers

The three bludgers must be:

A. Spherical balls made of flexible rubber or rubber-like covers (such as dodgeballs).
B. 8.5 inches in diameter, 26.7 inches in circumference.
C. The bludgers must maintain their spherical shape and must be neither inflated all the way nor so flat that the average player could grip a bulk of the rubber in one hand.

2.3.3. The snitch

The snitch must be:

A. A standard tennis ball held within a tail.
   i. The tail must have a visible and unobstructed length of between 10 and 12 inches.
      a. If the tail is attached to the outside of the shorts, up to 2 inches of the attachment may be counted toward this minimum length.
   B. The tail must be tucked in or attached to the shorts of the snitch runner in a manner that is secure and allows for the removal of the tail by the seeker.

2.3.4. Defective balls mid-play

If a game ball becomes defective (e.g. deflates) while in play, the head referee must stop play to replace the ball. The following conditions apply:

A. The head referee must stop play immediately when any ball becomes defective.
B. If a ball was in midair when it became defective, the replaced or repaired ball is returned to the player who last held possession, except the quaffle after a good goal.
   i. If this player is knocked out or dismounted before play is stopped, then the ball is given to the nearest eligible player on the same team to this player’s current location.
      a. If no such player exists, then the ball shall be left at the player’s current location.
C. No goals or knockouts may happen with a ball an official recognized as defective before the knockout or goal occurred.
D. If a bludger becomes defective while hitting a player, the knockout counts and the bludger is considered dead.
   i. If the bludger becomes defective in the final motion of being otherwise successfully caught, that catch shall count.
E. If the snitch becomes defective during the snitch catch (e.g. the tail breaks in half and the
seeker gets half of it), the catch counts if the seeker cleanly removed the actual ball.

i. If the snitch becomes defective before the catch, the catch must be called no good.

2.4. **BROOMS**

2.4.1. Broom regulations

All players in play must have a broom. The broom:

A. Must consist of a rigid pole made of plastic.
   i. This pole must be between 39 and 41 inches long.
B. Must not have splinters or sharp points.
C. Must not be attached to the body, clothing, or other equipment of the player.

2.4.2. Broken brooms

If a broom breaks during the course of play, the head referee must immediately stop play and it must be replaced before its player may make any play

A. It is illegal to knowingly initiate a new play while using a broken broom.

*Red Card*—Knowingly initiating a new play with a broken broom

2.4.3. Providing brooms

The tournament director for a game must provide equal brooms to both teams. Teams may provide their own brooms unless this is disallowed by event policy prior to the event.

2.4.4. Limited brooms in the player area

A. **During the seeker floor**, each team may have a maximum of six brooms within the player area, excluding any extra brooms securely stored in the team bench.
B. The broom limit is increased to seven after the seeker floor ends.
   i. Seekers will receive their team’s seventh broom when called to the scorekeeper’s table.
C. All additional brooms, including replacements for broken brooms, must be stored outside the player area, at the scorekeeper’s table, or securely in the team bench.
   i. These additional brooms must not enter the pitch or substitution area unless replacing a broken broom during a stoppage of play.
   ii. If a team illegally brings an additional broom into the pitch or substitution area, they must be penalized for exceeding the broom limit.
2.5. PLAYER EQUIPMENT

2.5.1. Safety

Players must not use any equipment or wear anything that is dangerous to themselves or other players.

2.5.2. Mandatory equipment

While in play, each player must properly wear the following equipment:

A. A colored headband at least half an inch wide and worn on the forehead distinguishing the player’s position.
B. A shirt or jersey.
   i. Jerseys for players on the same team must be readily identifiable, of the same base color, and distinguishable from the opposing team.
   ii. The primary jersey color may not be yellow or gold.
   iii. The jersey design must not primarily consist of vertical black and white stripes.
C. Some sort of bottom (such as shorts, pants, or a skirt).
   i. The primary color of the outermost layer of the bottoms must not be yellow or gold.
   ii. Some form of undergarment must be worn under the bottoms.
D. Shoes or cleats.
   i. Spikes or studs must not be sharp.
   ii. Spikes or studs must not be completely made of metal or affixed with metal caps.
E. A mouthguard which shall:
   i. Include an occlusal (protecting and separating the biting surfaces) portion.
   ii. Include a labial (protecting the teeth and supporting structures) portion.
   iii. Cover the posterior teeth with adequate thickness.

Blue Card—Entering play without wearing mandatory equipment

Blue Card—Intentionally removing mandatory equipment while in play

2.5.3. Headband requirements

Position headbands are subject to the following standards.

A. The color of the headband must be distinct enough to unambiguously identify the
player’s position.

B. The headband must be easily visible from a reasonable distance and be identifiable through a player’s hair or other equipment.

C. Hats or other headgear may not be used as headbands.
   i. The positional headband must be worn over the headgear and the headgear must be a color that is clearly distinguishable from the headband.
   ii. Headwear that is both in the shape of a band and is a positional color shall be considered a headband.
      a. No other positional headband may be worn over this item.

D. If a player’s headband is lost mid-play, they may continue to play without it. However they must replace the headband whenever any of the following occur:
   i. They are knocked out.
   ii. There is a stoppage in play.
   iii. A goal is scored.
      a. Seekers and beaters do not have to replace their headband when a goal is scored.

E. If an official deems a player’s headband unacceptable for any reason, the player must immediately correct the issue.
   i. If this cannot be completed immediately on the pitch, the accidental equipment infringement procedure shall be applied (See: 2.5.7. Accidental equipment infringement).

2.5.4. Jersey numbers

Each player must have an integer between 0 and 99 clearly visible on the back of their jersey.

A. The number may not exceed two digits including preceding zeros.

B. No two players in the player area for the same team may share the same number.
   i. Leading zeros are ignored when determining a player’s number.
   ii. If a team is penalized for having two players wearing the same number in the player area, the speaking captain must designate one of the players to change their number.
      a. The designated player is ineligible to be in play until they have a new number affixed to their back and the new number is reported to the scorekeeper.

C. If a player’s number becomes damaged beyond recognition while in play:
   i. Play is not stopped.
   ii. The referee informs the player that their jersey number has been damaged.
   iii. The player must fix the number the next time they substitute out of the game, or during the next stoppage in play, whichever occurs first.
a. If there is a stoppage in play and the number cannot be quickly fixed, the player must substitute out during that stoppage.
b. If the issue can only be addressed by giving the player a new number, that new number must be reported to the scorekeeper.

D. No player may enter play without a legal and recognizable number on their back.

- **Blue Card**—Entering play without a legal and recognizable jersey number
- **Speaking Captain Blue Card**—Having two players wearing the same number in the player area

### 2.5.5. Additional equipment

The following are considered “additional equipment” and may be worn with the listed limitations.

**A. Padding**—All padding must:
   i. Be one inch or less in thickness. If the player is wearing multiple pads, they may not exceed this total thickness.
   ii. Pass the “knock test,” i.e. when a referee raps on it with a knuckle, it should not make a knocking sound.
   iii. Bend easily when a minimal amount of force is applied to it.

**B. Braces**—Athletic braces are allowed but must generally meet the standards of padding above.
   i. A brace may include a hard element; however, any hard plastic or metal in a brace must be covered at all times during a game and, once covered, must pass the knock test.
   ii. If any hard plastic or metal becomes exposed, the player must leave the pitch and fix the problem (See: 2.5.7. Accidental equipment infringement).
   iii. Referees reserve the right to refuse any brace that they believe presents a danger to anyone on the field.

**C. Athletic supporters**—Athletic supporters (cups) which are used to protect the groin are allowed.

**D. Glasses and eyewear**—Players may wear glasses, goggles, or other eyewear.
   i. No eyewear actually made of glass is allowed unless it is worn underneath goggles so the glass is not exposed.
   ii. Goggles made of metal, such as lacrosse “cage” goggles, are not allowed.

**E. Gloves**—Gloves are allowed and are subject to the same rules as padding.

**F. Special equipment**—Individuals with disabilities or recovering from injuries may require other specific equipment. Such equipment must be approved by USQ via [USQ's](#)
equipment waiver policy prior to its use in any official game.

G. Any additional equipment must be approved by the head referee before the game. Any equipment that the referee determines to be dangerous or unfair to either team must not be permitted.

- **Blue Card**—Using illegal additional equipment in play

2.5.6. Approving additional equipment

All padding, braces, and special equipment must be presented to the head referee or their designated representative before each game for approval whether or not the officials choose to perform a full team equipment check.

- **Red Card**—Using equipment in play that was disallowed by a game official

2.5.7. Accidental equipment infringement

In the event that a player’s previously legal equipment becomes illegal as a result of play:

A. Play is not stopped unless the referee determines the infringement presents a danger to players.
B. The player at fault must leave the pitch to correct the infringement immediately and may be replaced with a substitute.
   i. Players do not need to leave the pitch to replace a broken broom.
C. Any player required to leave the pitch to correct equipment must not re-enter until the equipment has been replaced, repaired, or removed.
   i. Mandatory equipment must be replaced or repaired.
      a. If there is no replacement for a broom or headband available, the head referee must stop play until the equipment is provided.
D. If the player does not leave the pitch upon being informed of the infringement, or re-enters play without correcting the infringement, that player is subject to penalty for disregarding an official’s directive.

- **Yellow Card**—Disregarding an official’s directive

2.5.8. Venue specific equipment restrictions

Tournament directors may ban non-required equipment in order to comply with venue requirements.

- **Red Card**—Using equipment explicitly barred by the tournament director

2.5.9. Intentionally altering equipment
It is illegal to intentionally alter any game equipment, including the game balls and hoops, in order to gain an advantage.

- Red Card—Illegally altering game equipment

2.5.10. Forbidden Equipment

The following are forbidden equipment and may never be worn by players while in play:

A. Audio or visual recording devices.
B. Grip enhancing substances which might transfer to and affect a ball.

- Red Card—Wearing forbidden equipment

2.5.11. Jewelry

A. Players are not permitted to wear jewelry of any kind while in play.
   i. Flexible piercing retainers which are flush with the skin are allowed.
   ii. Players with significantly stretched piercings may use hard plastic retainers which are flush with the skin and completely fill the piercing.
B. Players wearing forbidden jewelry that does not impact gameplay will be ejected from the game.
C. Players wearing forbidden jewelry that impacts gameplay or the other team must receive a red card.

- Ejection—Wearing forbidden jewelry that does not impact the game.

- Red Card—Wearing forbidden equipment that impacts play.
3. Game Procedures

3.1. PRELIMINARIES

3.1.1. Pregame meeting

Before any game, the head referee calls together representatives of the two teams to go over general rules.

A. Each team must designate one person to serve as speaking captain to represent the team during the game.
   i. The speaking captain must attend the pregame meeting.
   ii. Additional team representatives may also attend the pregame meeting.

B. The head referee should discuss the following with the team representatives:
   i. Any ground rules specific to the field.
ii. The identity of the snitch runner.
iii. Any players the officials should be aware of regarding the gender maximum rule.
iv. Any other concerns from the attending parties that are specific to the game.

3.1.2. Coin toss

Teams must have a coin toss to determine the following criteria:

1. Which hoops to defend.
2. First placement of quaffle runner.
3. First placement of bludger runner.

A. The toss shall be called while the coin is in the air by the team with the lower USQ ranking.
   i. If the ranking is inapplicable or unknown, the team that has traveled farthest from its point of origin shall call the toss.
B. The winner of the coin toss will get to choose any one of the criteria and the loser will determine the remaining two criteria.

3.2. STARTING THE GAME

3.2.1. Brooms up procedure

In order to begin the game:

A. The starters on each team must line up on the pitch.
   i. Each team must start the game with three chasers, one keeper, and two beaters.
   ii. Each team will select a quaffle runner and a bludger runner. These players will take one of the assigned locations based on priority determined during the coin toss.
      a. The quaffle runner will be a quaffle player located approximately 1 yard on either side of the midline bludger.
      b. The bludger runner will be a beater located approximately 1 yard on either side of the midline on the starting line.
   iii. Each team will have a quaffle player choose a location on the starting line in the opponent’s half at least 3 yards from the midline and outside of the keeper zone.
   iv. Each team will have their remaining players choose a location on the starting line in their own half at least 3 yards from the midline and approximately 1 yard from opposing players on the starting line.
   v. Players may change position headbands prior to selecting their location.
   vi. Any player who receives a penalty card prior to the start of the game (or their substitute in the case of a red card) must start the game in the penalty box.
a. If either a quaffle runner or bludger runner receives a card prior to the start of the game, another eligible player from their team may take their position unless there is no eligible player.

B. The quaffle and bludgers must be resting in the appropriate positions (See: 2.1.6. Ball positions).
   i. Any ball which moves, for any reason, must be reset before brooms up.

C. The head referee confirms that both teams, all assistant referees, and any other officials are ready.

D. The head referee shouts “Brooms down!”

E. Once brooms down has been called:
   i. Players may not change their position headbands or location.
   ii. No part of a player’s body may contact the ground in front of the starting line.
   iii. Each player must have a broom in hand.
      a. The broom must remain otherwise flat on the ground until brooms up.

F. The head referee shouts “Ready!”

G. The head referee shouts “brooms up!”
   i. On the first “B” sound of brooms up, all players must immediately mount their brooms.
   ii. If there is a false brooms up call, the head referee resets the players and repeats the full brooms up procedure.
   iii. In the event of any foul prior to brooms up, the head referee adjudicates the penalty, resets the players, and repeats the full brooms up procedure.

H. A player has committed a false start if:
   i. The player already has their broom off the ground at brooms up call.
   ii. The player moves early prior to brooms up.

I. The following rules are in place until the first possession of the quaffle as indicated by a short whistle blast and the midline bludger as indicated by the call “possession”. Once these balls are possessed, standard contact and gameplay rules apply.
   i. The first possession of the quaffle must be made by a quaffle runner.
      a. If both teams runners are dismounted and/or sent to the penalty box the quaffle is considered possessed for the purposes of this rule.
   ii. The first possession of the midline bludger must be made by a bludger runner
      a. If both teams runners are dismounted and/or sent to the penalty box the midline bludger is considered possessed for the purposes of this rule.
   iii. No players on the field may make any contact with the quaffle runners or bludger runners except the quaffle runners with respect to each other and the bludger runners with respect to each other.
   iv. The runners may not push each other.
   v. The runners may not slide or dive.
   vi. The runners may not kick the balls.
vii. Any of the above fouls, if otherwise legal, shall be treated as back to hoops penalties.

viii. Any fouls that would be fouls outside of the starting procedure retain their normal penalties.

▪️ Blue Card—Changing position headbands or location after brooms down.

▪️ Blue Card—False start.

### 3.3. STOPPAGES

#### 3.3.1. Stopping play

To stop play:

A. The referee blows a whistle in paired short blasts.

B. The timekeeper stops the game time and all other time clocks.

C. All players currently in play must stop, drop their brooms, and hold their respective positions.
   
   i. The players maintain any balls they possessed at the stoppage whistle, unless the ball is turned over.
      
      a. Players must not take hold of or otherwise move any other balls during a stoppage.
   
   ii. Any players who are paused in an illegal position are adjusted immediately to a legal position.
   
   iii. Any players who accidentally and significantly moved after the whistle are returned to their location at the time the whistle was blown.

▪️ Yellow Card—Intentionally illegally moving during a stoppage

▪️ Yellow Card—Intentionally illegally moving or taking hold of a ball during a stoppage.

#### 3.3.2. Stoppage procedures

While play is stopped:

A. The head referee consults with other officials as necessary.

B. The head referee adjudicates any fouls and communicates the type of foul to the players, scorekeeper, and spectators:
   
   i. Any player who receives penalty time is sent to the penalty box.
   
   ii. Any player who is ejected is removed from the player area.

C. If a change of possession occurs, the appropriate procedure shall be followed before play is restarted.
D. Any loose live ball that was propelled and had not touched anything (including other players, equipment, or the ground) before the whistle to stop play is returned to the player who propelled it.
   i. This rule does not take effect if the ball is otherwise turned over.
   ii. If the propelling player is not eligible to receive the ball, it shall not be moved by this rule.

E. Any loose ball that became out of bounds after the whistle to stop play is placed two yards inside the point where it crossed the boundary line.
   i. The ball is inbounds and does not need to be inbounded by either team.
   ii. This rule does not take effect if another rule would move this ball elsewhere.

F. Any external interference is removed.

G. Any other concerns, including injured players and defective equipment, are addressed.

H. If the quaffle will be dead when play is restarted, it is given to the formerly defending keeper.

3.3.3. Restarting play

In order to restart play:

A. The head referee indicates to the players that play is about to resume by calling for the players to “Remount!”
   i. Players must remount their brooms where the brooms were left when play was stopped.
   ii. Players must stand at the call to remount.
      a. If two or more players on the ground each had a grip on a ball at the moment when play was stopped, they still must stand. Once standing, each may retake hold of that ball. They do not need to hold it in the same way they had on the ground.
   iii. Players may otherwise reposition themselves to prepare for the restart but must not commit a false restart.
      a. It is a false restart if a player does any of the following before the restart whistle:
         1. Begin the forward motion of a throw.
         2. Initiate new contact.
         3. Begin to move off of their location.
         4. Attempting to directly affect a ball which the player does not solely possess.
      b. If there is a false restart, play remains stopped, and any player who moved is returned to their previous location.
      c. The first false restart of a stoppage will result in a warning to all players on the field.
1. Any subsequent false restart by any player on the same stoppage shall result in a penalty.

B. The head referee blows one short whistle blast. On this whistle blast:
   i. Play resumes.
      a. Any player who is not mounted on their broom at the restart whistle is dismounted.
   ii. The timekeeper resumes the game time and all other time clocks.

**Back to Hoops—Second false restart**

3.3.4. Timeouts

A. Once during regulation time, the speaking captain may call a timeout for a one minute extension of a stoppage.
   i. Timeouts may only be called during regulation time.

B. Procedure
   i. A speaking captain informs the head referee they would like to use their timeout.
   ii. Once all procedures in rule 3.3.2. are completed, the one minute starts.
      a. The head referee may stop play to accommodate a timeout if they determine there is no active play immediately occurring.
   iii. The head referee shall blow one long whistle blast 45 seconds into the timeout.
   iv. After the completion of the timeout, the head referee shall resume play using the standard restart procedure (See: 3.3.3. Restarting play).

3.4. REGULATING GAME TIME

3.4.1. Game time

Game time is measured beginning from the first “B” sound of brooms up.

A. The game time, and any time associated with it, must be paused for all complete stoppages of play and resumed when play is resumed.

3.4.2. Seeker floor

The seeker floor is the first period and lasts 20 minutes of game time.

A. The seeker floor must be measured in game time.
B. During the seeker floor, there are no seekers in play.
C. At 20 minutes of game time, the head referee shall stop play for a two minute intermission.
a. If a stoppage occurs due to a penalty during the final 10 seconds before intermission, the timekeeper must reset the game clock to 10 seconds remaining in the period.

3.4.3. Intermission

A. During the intermission:
   i. Players will return to their keeper zones.
   ii. Players may move freely.
   iii. Players may dismount.
   iv. Players may substitute.
   v. All clocks remain stopped.
   vi. The head referee will establish and announce a point cap of 70 points over the current leading score.
   vii. A seeker from each team should report to the timekeeper.
   viii. The snitch must enter the player area.
   ix. Teams will retain possession of balls they have.
   x. Loose balls will remain where they are.
      i. Balls outside the boundary during this intermission are placed 1.5 yards inside the boundary nearest to where they were.

B. The head referee shall blow a long warning whistle 1 minute and 45 seconds into the intermission.

C. After the completion of the intermission, the head referee shall resume play using the standard restart procedure (See: 3.3.3. Restarting play) with the exception that players must be positioned stationary anywhere in their keeper zone before the remount call.

3.4.4. Snitch Period

Play will continue in the same manner as in the seeker floor but with the addition of the snitch, seekers, and a point cap.

A. After 10 seconds of the snitch period, the timekeeper releases the seekers into play from their respective penalty boxes.
   i. A seeker who enters the pitch before being released by the timekeeper has committed a seeker false start and must serve the penalty time as a seeker.

B. Ending the Period
   i. The snitch period will end when either:
      a. The first good snitch catch has been confirmed.
      b. Either team reaches the point cap established during the intermission (see: 3.4.3.A.iv.).

**Blue Card**—Seeker false start.
3.5. Proceeding to Additional Periods

A. If the score is tied at the end of the snitch period, the game proceeds to overtime.
B. Any player serving penalty time at the end of the period serves the remainder of their penalty time in the next period of the game.
C. A snitch catch counts as a single score for the purpose of releasing players from the penalty box.

3.5.1. Overtime

The following procedure is observed for the overtime period:

A. Teams will retain their respective sides for overtime.
B. The referees reset the pitch immediately.
   i. Priority on runner positions shall be given to the team(s) that did not select them at the start of the game
C. The head referee begins play by following the brooms up procedure (See: 3.2.1. Brooms up procedure).
   i. Seekers will start on the starting line in their keeper zone.
D. The snitch runner must remain on the midfield line until brooms up is called.
E. Overtime lasts until a goal is scored or the snitch is caught.

3.6. FORFEITS

3.6.1. Declaring a forfeit

A. The head referee must declare a game forfeit if:
   i. The speaking captain of a team officially requests a forfeit.
   ii. A team refuses to resume a suspended game without the agreement of their opponent and the tournament director.
   iii. A forfeit penalty is administered.
B. A game may be declared forfeit due to violations of league or tournament policy.
C. In the event of a forfeit:
   i. The game is over immediately and the forfeiting team is declared the losing team.
   ii. All players should clear the pitch.

3.7. SUSPENDED GAMES

3.7.1. Declaring a suspended game

A. The head referee or tournament director may declare a game suspended due to weather,
safety concerns, extreme or inappropriate unsporting behavior (6.5. Unsporting Behavior), danger from spectators, or external interference.

B. Suspended games must be recorded with the current game time, score, players in play, and possession of all game balls.

C. Suspended games should be resumed as soon as it has become safe to do so.

3.7.2. Resuming a suspended game

A. If any of the game’s original officials are unavailable, the tournament director or head referee shall replace them.

B. All players in play at the suspension must line up behind their respective keeper zone lines.
   i. If, while play was suspended, a player who was in play became unavailable to play for any reason, another player on the roster may replace them.

C. Game balls must be given to the appropriate players based on the possession information recorded at the time the game was suspended.
   i. Any balls which were not possessed when play was stopped shall be placed at one of the four ball positions, filling midline positions first, followed by the keeperline position of the team without a bludger.
      a. If the quaffle was unpossessed, it must go on a midline position.

D. If the suspension occurred after the seekers were released, the snitch runner should enter the player area before the game resumes and the seekers must line up behind their keeper zone lines.
   i. Any snitch handicaps that had been implemented prior to the suspension are still in effect when the game resumes.

E. The head referee begins play by following the brooms up procedure with the exception of ball placement (See: 3.2.1. Brooms up procedure).

3.7.3. Abandoned games

A. If a suspended game cannot be resumed during the event at which it is being held, the tournament director must declare the game abandoned.

B. If the speaking captains of both teams and the tournament director mutually decide to not restart a suspended game, then the tournament director may declare the game abandoned.
   i. If one or both teams refuses to resume play without the agreement of the opposing team and the tournament director, the team(s) refusing to play shall be declared to have forfeited the game.
4. **Scoring**

4.1. **GOAL SCORING**

4.1.1. **Good goal**

Ten points are scored for a team when the quaffle passes entirely through their opponent’s hoops, regardless of who propelled it, and the goal is confirmed as good.

A. All of the following must be true for a goal to be counted as good:
   i. The whole quaffle passed through one of the hoops.
      a. Goals may be scored through either side of the hoops.
   ii. The quaffle was not dead.
   iii. The quaffle was not unscorable (See: 5.6.3 Unscorable quaffle).
   iv. The goal did not occur between a foul resulting in a penalty card by any member of the scoring team and the time the card was given to the player.
   v. The goal did not occur between a foul resulting in a turnover by any member of the scoring team and the completion of that turnover.
   vi. The scoring player did not commit a foul resulting in a back to hoops penalty, penalty card, or ejection immediately before receiving the quaffle or while in contact with a live quaffle.
   vii. The hoop was not dislodged or otherwise unplayable (See: 4.3.1. Scoring through a dislodged hoop).

B. The quaffle becomes dead as soon as a good goal has been scored.

C. The head referee must confirm that a goal is good by blowing one long whistle blast and raising both arms.

D. Any otherwise good goal made after the snitch was legally caught must be disallowed (See: 4.4.3. Closely timed plays).

4.1.2. **Goaltending**

A. A play is considered goaltending, and is scored as if the quaffle had gone through the hoop, if either of the following are true:
   i. A player within their own keeper zone, other than the keeper, touches the quaffle with a part of themselves or their equipment that is extended through a hoop from the side where the quaffle would exit.
   ii. A player within their own keeper zone, other than the keeper, touches the quaffle while it is part way through a hoop with a part of themselves or their equipment that is positioned on the opposite side of the hoop from where the quaffle entered and is not extended through that hoop.
B. A beater or seeker who intentionally goaltends has committed intentional interposition goaltending.

Red Card—Intentional interposition goaltending

4.2. RESTARTING AFTER A GOAL

4.2.1. Dead quaffle

After a goal is scored and before quaffle play is restarted, the quaffle is dead.

A. Any player on the formerly defending keeper’s team may carry or pass the dead quaffle to the keeper in that keeper’s own keeper zone, but may not otherwise interact with the dead quaffle.
   i. Substitutes may pass the dead quaffle to their keeper in this manner, but must always remain in the substitution area or bench while doing so.

The formerly offensive team may not pick up or otherwise intentionally interact with the dead quaffle, unless they are providing it to the keeper at the formerly defending team’s request.

B. Players shall not be penalized for playing as if the quaffle is live before the goal is confirmed.
   i. This shall not apply if the player is ruled to be acting with the intent to affect the restart of the quaffle game.

C. If a penalty turns over a dead quaffle to the formerly offensive team, the quaffle becomes live upon the restart after the turnover.

Blue Card—Intentionally and illegally interacting with a dead quaffle

4.2.2. Keeper restart

A. The keeper must possess the quaffle in their own keeper zone to make it live if:
   i. The quaffle is touched by anyone else after the goal.
   ii. The quaffle leaves the pitch boundaries.
   iii. The quaffle enters the opposing team’s half.

B. The referee shall pass the quaffle to the keeper either at their request or if the keeper must possess the quaffle in their zone and doing so would expedite the quaffle restart.

C. The head referee shall blow one short whistle blast after quaffle play is restarted by the keeper’s possession.

4.3. BROKEN OR FALLEN HOOPS
4.3.1. Scoring through a dislodged hoop

A hoop that has become dislodged cannot be scored upon. A dislodged hoop is defined as being broken, displaced, knocked down, or in any way unplayable.

A. If a hoop is in the process of being dislodged when the quaffle passes completely through it, the goal is good.

B. A hoop is dislodged if:
   i. The hoop loop touches the ground or the hoop otherwise comes to at least temporarily rest in a non-upright position, including on top of a player.
   ii. The hoop loop detaches from the pole.
   iii. Any part of the hoop breaks such that it cannot serve its function.

C. A hoop that is turned so that the hoop loop is no longer in line with the goal line is not dislodged and may be scored upon.
   i. Turned hoops should be returned to the proper position once active play leaves the area.

D. A dislodged hoop must be fixed and returned to its correct position before a goal may again be scored on that hoop.

4.3.2. Dislodged hoop procedure

When a hoop is dislodged, play generally continues.

A. If a hoop is dislodged and any of the following occur, play must be stopped.
   i. A broken hoop poses a threat to the safety of the players.
   ii. A broken hoop requires extra parts or an unusually long time to fix and the team defending that broken hoop is the offensive team.
      a. The head referee may wait for a lull in play to initiate this stoppage.
   iii. All three hoops in the same keeper zone are dislodged.

B. Any dislodged hoops must be reset to their proper positions during any stoppage.

C. If play is not stopped for a dislodged hoop, it must be fixed while play has moved away from the area.

D. The quaffle carrier may request play be stopped to fix an opponent’s dislodged hoop if the quaffle carrier is in their own half of the player area and is not contacted by an opposing player.

4.3.3. Dislodging, spinning, and resetting hoops

A. Players may not reset their opponent’s dislodged hoops while their team is the offensive team.

B. Players may not recklessly or repeatedly dislodge hoops.
i. This rule does not apply in the following instances:
   a. A hoop is dislodged by a thrown ball.
   b. An offensive quaffle player dislodges a hoop while attempting a contested score.
   c. A player dislodges a hoop as a result of their own physical interaction with an opposing player.

ii. If a player illegally dislodges a hoop while successfully attempting a goal, that goal shall not be negated by the penalty for dislodging the hoop.

C. A player may not intentionally dislodge a hoop.

D. A player may not move or alter a hoop to affect whether the quaffle will pass through it.

- Blue Card—Illegally resetting an opponent’s hoop
- Blue Card—Unintentionally dislodging hoops repeatedly
- Yellow Card—Recklessly dislodging a hoop
- Red Card—Intentionally dislodging a hoop
- Red Card—Moving or altering a hoop to affect whether the quaffle will pass through it

4.4. THE SNITCH CATCH

4.4.1. The snitch catch

Thirty points are scored for a team and the period ends when their seeker catches the snitch and the catch is confirmed as good.

A. A snitch catch is confirmed when all of the following are true:
   i. A seeker has detached the snitch tail from the snitch runner and holds sole possession of the snitch tail during the instant that it is separated from the snitch runner.
   ii. The snitch tail was securely attached to the shorts of the snitch runner before the catch.
   iii. The snitch runner was not down at the time of the catch (See: 8.4.1. Down snitch runner).
   iv. The catching seeker did not commit a foul resulting in a back to hoops penalty, penalty card, or ejection immediately before or during the catch.
   v. The catch did not occur between a foul resulting in a penalty card by any member of the catching team and the time the card was given to the player.
   vi. The snitch was not physically impeded by any game official or member of the catching team in a way that may have contributed to the catch.
a. Physical impediments caused solely by the actions listed under 6.3.1.A. (Seeker interactions with the snitch runner) shall be ignored, if those actions were executed legally by the seeker.

vii. The seeker was not knocked out at the time of the catch.

viii. The seekers did not simultaneously remove the snitch tail from the snitch runner.

ix. Play was not stopped when the snitch was caught.

4.4.2. Signalling the catch

A. If the head referee or lead assistant referee believes that there may have been a good snitch catch, play must be stopped.

B. If the catch is confirmed, the catching team is awarded thirty points and the head referee signals the end of the period.

4.4.3. Closely timed plays

A. When a valid snitch catch and either a foul by the catching team or a good goal by either team occur in quick succession, the head referee must determine which happened first based on the available evidence.

i. Only statements by game officials shall be treated as evidence.

ii. If an otherwise good goal was scored after a valid snitch catch was made, the goal must be disallowed.

iii. If during overtime a good goal was scored before the otherwise good snitch catch was made, the snitch catch must be disallowed.

iv. If a valid snitch catch occurred before the foul, the snitch catch must be counted.

v. If, and only if, there is no evidence whatsoever available as to which event occurred first, the head referee may declare the events synchronous.

a. If a snitch catch-negating foul and an otherwise good snitch catch are declared synchronous, the snitch catch shall be disallowed.

b. If an otherwise good goal and an otherwise good snitch catch are declared synchronous, both scores must be counted.

1. If this occurs during overtime, then it shall result in a win for the team that caught the snitch.

4.4.4. Declining the catch

In limited situations, a team may choose to decline an otherwise good snitch catch.

A. A snitch catch cannot be declined unless one of the following occurred:

i. The snitch catch occurred between the scoring of a good goal and the head referee’s confirmation of that goal.
ii. A goal or no-goal call by the head referee is reversed pursuant to rule 10.2.4. (Adjusting a goal call), and the catch occurred between the original goal or no-goal signal by the head referee and the official reversal of that call.

B. A snitch catch cannot be declined unless the change in score from the goal or no-goal call affects whether the period would end in a tie.

C. If a catch is declined, play restarts as though the catch had been ruled no good.
5. Bludgers and the Knockout Effect

5.1. THE MOUNTED BROOM

5.1.1. Mounting the broom

All players must be mounted on a broom in order to participate in play.

A. To mount the broom the player must have their broom straddled between their legs and touching some part of their body.

B. The player remains mounted until one of the following occurs:
   i. Their broom (or arm that is holding the broom) no longer crosses the plane between the player’s legs.
   ii. The player loses contact with their broom.
   iii. Their broom lays flat on the ground without the player’s hand underneath it.

5.1.2. Dismounting

If a player becomes dismounted while in play, the player is immediately knocked out and must follow the knockout procedure.

A. If a player is dismounted by the illegal actions of an opponent, an official may allow the player to immediately remount and continue play. If the player does not immediately remount, then they must follow the knockout procedure.

5.2. KNOCKING OUT PLAYERS

5.2.1. Incurring the knockout effect

A. A player is “knocked out” when either of the following occur:
   i. The player becomes dismounted.
   ii. The player is struck by an opponent’s live bludger.
      a. This includes being struck on the player’s hair, clothing, or equipment other than a game ball.
      b. The following players are not knocked out when struck by an opponent’s live bludger:
         1. Protected keepers (See: 7.2.2. Keeper-specific powers).
         2. Beaters with knockout immunity (See: 5.5.2. Knockout immunity).
         3. Inbounding players while out of bounds to inbound a ball (See: 7.5.4. Inbounding procedure).
c. Beaters who are not immune may delay dismounting in order to attempt to catch the bludger that struck them, until it becomes dead (See: 5.4.3. Struck beater).

B. Players must immediately follow the knockout procedure once knocked out (See: 5.3.1. Knockout procedure).
   i. Players must not willfully ignore being knocked out.

⚑ Yellow Card—Willfully ignoring being knocked out

5.2.2. Live bludger

In order to incur the knockout effect, a bludger must be live.

A. To be live, a bludger:
   i. Must either:
      a. Be thrown, kicked, or otherwise intentionally propelled by a beater or
      b. Be intentionally dropped by a beater when not required to be dropped by rule.
   ii. Must not have been in contact with an opponent at the moment it was released, or otherwise finished being propelled.
   iii. Must not have touched the ground, become out of bounds, or been caught.
      a. In these cases, the bludger is live until the action indicated has occurred.
   iv. Must not have been stripped by an opponent’s body, another bludger, or the quaffle.

B. Any bludger that is not live is considered “dead.”

5.2.3. Held bludgers

A. A beater may not attempt to deceive an opponent by contacting them using a held bludger.
   i. Incidental contact with a held bludger shall not be penalized.

⚑ Blue Card—Illegally contacting an opponent with a held bludger

5.2.4. Friendly fire

A player cannot be knocked out by a bludger most recently made live by themselves or their teammate.

5.2.5. Safe calls

If a player is struck by a bludger which cannot knock them out, the referee shall call that player “safe” or “clear” unless they otherwise become knocked out.

A. Players struck by a bludger should dismount and begin the knockout procedure
immediately (unless the player is a struck beater attempting to catch the live bludger).

i. If a player has been stuck by a bludger, and is not called “safe” or “clear” by an official, then that player is subject to the knockout effect.

B. If the player dismounts due to being struck by a bludger but is then called “safe” or “clear,” the player may remount at an official’s direction and continue play.

i. If the player does not quickly remount at the official’s direction, that player must instead complete the knockout procedure.

C. If the player fails to begin the knockout procedure immediately, a penalty may apply.

i. If the final call on that bludger hit is “safe” or “clear,” play shall continue and no penalty shall apply.

ii. If an official called the player “safe” or “clear” but the call changes to “beat,” the player shall receive no penalty for failing to dismount as long as the player responds to the “beat” call by dismounting.

iii. If no referee called the player “safe” or “clear” and the final call on that bludger hit is “beat,” the player shall be considered to be willfully ignoring being knocked out.

a. If the official believes that the player was unaware that the bludger touched them, then the official may treat it as an unnoticed knockout (See: 5.3.4. Unnoticed knockout).

b. A player’s belief that they are otherwise safe from the bludger shall not be taken into consideration when determining any appropriate penalty.

Yellow Card—Willfully ignoring being knocked out

5.3. KNOCKOUT PROCEDURE

5.3.1. Knockout procedure

Knocked out players remain knocked out until they complete the following procedure, in order:

A. Immediately give up possession of any ball by dropping it and dismounting their broom.

i. The player must not pass, toss, roll, or kick the ball, unless completing a natural motion already begun (See: 5.6.2. Natural motion conditions).

ii. A bludger dropped in this way is dead.

iii. A quaffle dropped in this way is unscorable.

B. Touch the center (6ft) hoop.

i. The player must touch either the hoop loop or pole, not the hoop base.

ii. The player must touch the hoop with some part of their body, not with their broom.

iii. If the 6ft hoop is dislodged, a player may tag in at any part of it still attached to the hoop base, including the base itself.

C. Remount their broom before leaving the vicinity of the hoops.
Repeat Procedure—Violating the knockout procedure

Yellow Card—Intentionally or repeatedly violating the knockout procedure

5.3.2. Knocked out players

Knocked out players must not interact with play and must therefore:

A. Not make any plays.
B. Not propel or otherwise play any game ball other than in cases of natural motion (See: 5.6.2. Natural motion conditions).
   i. If the player illegally propels a ball immediately after the player is knocked out, it shall be adjudicated as a natural motion violation.
C. Drop any balls that are currently possessed.
D. Actively avoid interactions with other players.
E. Not substitute out while play is not stopped.

Blue Card—Illegally interacting with play while knocked out

5.3.3. Making contact as a knocked out player

A. A knocked out player may not initiate any physical contact, other than incidental contact.
   i. If a player is in the final motion of making contact before becoming knocked out, they may complete that motion if it could not reasonably be stopped.
      a. The player still must immediately act to cease that contact under the provisions of 5.3.3.B.
      b. If a player takes multiple steps between being knocked out and initiating contact with an opponent, then that contact is illegal.
B. If a knocked out player is already in contact with an opponent before becoming knocked out, they must immediately act to cease contact safely and with as little effect to the opponent as reasonably possible.

Yellow Card—Illegal contact while knocked out

5.3.4. Unnoticed knockout

If a player unintentionally continues play after dismounting or being hit by an opponent’s live bludger:

A. The referee should verbally and visually inform the player that the player has been knocked out.
B. The referee may stop play in order to inform the player that they have been knocked out.
i. If this occurs, any ball the player possessed when play was stopped is turned over to the opposing team.

C. If a player affects play while unaware that they had been dismounted or hit by an opponent’s live bludger, they shall be penalized for affecting play while unknowingly knocked out.
   i. If the player makes otherwise legal contact while unaware of being knocked out, they are only subject to this penalty for that contact.
   ii. If a player propels a ball in violation of the natural motion rules immediately after being knocked out, they are not subject to this penalty for that propulsion (See: 5.6.2. Natural motion conditions).

⚠️ Blue Card—Affecting play while unknowingly knocked out

5.4. Redirecting and Catching Live Bludgers

5.4.1. Blocking and batting bludgers

A player in possession of a ball may attempt to block or bat an incoming live bludger with the ball in their possession:

A. The held ball may be used to bat or otherwise propel the incoming bludger.
B. A block or bat does not affect whether the bludger is live.
C. A dead quaffle may not be used to intentionally interact with a bludger.
D. Players may not intentionally use a held ball to interact with a dead bludger or a bludger that was made live by a teammate.
   i. If the referee determines that the player was not reasonably aware that the bludger was either dead or made live by their own teammate, and the play was otherwise legal, the player shall not be penalized.

⚠️ Blue Card—Illegal bat

⚠️ Blue Card—Illegal block

5.4.2. Swatting bludgers

Any attempt to swat or otherwise intentionally propel a live bludger, other than through the use of another ball, is considered a bludger swat.

A. Beaters may generally swat or make any attempt to alter the course of a live bludger.
   i. A struck beater may not swat any bludger, except as part of an attempt to catch it (See: 5.4.3. Struck beater).
   ii. A beater who is in possession of a bludger may not swat another bludger.
a. This rule does not prohibit batting a live bludger with a held bludger (See: 5.4.1. Blocking and batting bludgers).

iii. If the bludger was already live, it remains live for the original team.

   a. If it was live for the opposing team, the swatting beater becomes a struck beater.

B. Chasers, keepers, and seekers may not swat bludgers at any time.

   i. This rule does not prohibit batting a live bludger with a held quaffle (See: 5.4.1. Blocking and batting bludgers).

«Blue Card—Illegal bludger swat»

5.4.3. Struck beater

A non-immune beater is a struck beater, rather than knocked out, from the time they are hit by an opponent’s live bludger until that bludger becomes dead. A struck beater is subject to the following restrictions:

A. A struck beater is unable to make a bludger live.

B. A struck beater must immediately drop any bludger which they are holding.

   i. The player must not pass, toss, roll, or kick the bludger, unless completing a natural motion already begun (See: 5.6.2. Natural motion conditions).

   ii. Failure to release the bludger is a struck beater violation.

C. A struck beater must either attempt to catch the live bludger that struck them or immediately follow the knockout procedure.

   i. A beater is allowed to propel a bludger farther into the air in the process of attempting a catch.

   ii. After the initial hit, any intentional attempt by the struck beater to change the direction of any bludger, in any manner, other than to attempt to catch the bludger that struck them is a struck beater violation.

D. If a struck beater takes any actions other than those outlined in 5.4.3.A-C., they are subject to the same rules and penalties for those actions as a knocked out player.

E. If a struck beater catches the bludger before it otherwise becomes dead, that beater is no longer subject to the knockout effect.

   i. A struck beater still incurs the knockout effect from all live bludgers propelled by opponents which hit them while they are a struck beater unless they also catch those bludgers before they become dead.

F. A struck beater who fails to catch the bludger before it becomes dead is knocked out and must immediately begin the knockout procedure.

«Blue Card—Struck beater violation»
5.5. THE THIRD BLUDGER AND KNOCKOUT IMMUNITY

5.5.1. The third bludger

When one team has possession of two bludgers and the remaining bludger is unpossessed and dead, the free dead bludger becomes the third bludger.

A. This ball remains the third bludger until one of the following occur:
   i. The possessing team makes a reasonable beat attempt.
   ii. The possessing team loses a bludger directly due to the actions of an opposing player.
   iii. The team without a bludger gains possession of any bludger.

B. Players on the possessing team may not commit third bludger interference.
   i. It is third bludger interference if either:
      a. A player from the possessing team takes possession of or in any way attempts to move the third bludger.
      b. A player from the possessing team prevents or delays the other team from getting to the third bludger by continually or intentionally moving into their path.
   ii. The two bludgers turned over for third bludger interference are chosen at the referee’s discretion, but should:
      a. Generally include the third bludger.
      b. Ensure that player who violated the rule doesn’t keep a bludger.
      c. Bludgers turned over should be relevant to active play.

---

5.5.2. Claiming knockout immunity

When there is a third bludger, a beater on the team with no bludgers may raise a hand above their shoulder, fist closed, to claim immunity from being knocked out by live bludgers.

A. It is an improper immunity claim if a player claims immunity when the opposing team has two bludgers, but:
   i. The remaining bludger is still live.
   ii. The third bludger was released by that player without attempting to incur the knockout effect.
   iii. Their team’s other beater is also claiming immunity.
      a. If both beaters on a team attempt to claim immunity, one of them must put their fist back down to avoid a penalty. If neither beater puts their fist down, only one shall be penalized.

B. It is an invalid immunity claim if a beater claims immunity when there is no third
bludger, unless the opposing team has two bludgers and the remaining bludger is live.
   i. If the claim was unintentionally invalid, and did not affect play, the player may instead be penalized for a minor invalid immunity claim.
C. The immune beater is not immune to bludgers made live before immunity was claimed.
D. If an opponent begins the final singular natural motion on an attempted knockout before the immune beater loses their immunity, the formerly immune beater cannot be knocked out by that attempt.

⚑ Back to Hoops—Improper immunity claim
⚑ Back to Hoops—Minor invalid immunity claim
⚑ Blue Card—Invalid immunity claim

5.5.3. Immunity limitations

While a beater is claiming immunity, they are subject to the following restrictions:

A. The beater must directly and immediately proceed to gain possession of the third bludger.
   i. The beater may approach the ball from any direction they prefer.
   ii. Taking any other action while immune is an immunity violation.
   iii. The beater loses their immunity once they gain possession of the bludger.
      a. The beater remains immune while attempting to pick up the third bludger, even if their fist is lowered in doing so.
B. The beater may not give up their immunity unless they lose their immunity by rule or the opposing team loses a bludger.
   i. The beater must give up their immunity if they are no longer attempting to directly recover the third bludger.
   ii. Illegally giving up immunity is an immunity violation.
C. If the status of the third bludger changes, the immune beater immediately loses immunity and must lower their hand.

⚑ Blue Card—Immunity violation

5.6. NATURAL MOTION

5.6.1. Natural motion

When a player is knocked out or becomes a struck beater, that player may finish one singular natural motion that they had already started if that motion cannot be reasonably stopped.
5.6.2. Natural motion conditions

A. For natural motion to be called for propelling a ball, the following conditions apply:
   i. The player must release any possessed ball as part of the singular natural motion begun before becoming knocked out.
      a. Any motion begun after the player is knocked out does not qualify as a natural motion.
   ii. The player must already be in contact with the ball when knocked out.
B. If a player propels a ball immediately after being knocked out without meeting the above conditions for natural motion, it is a natural motion violation.
C. A bludger released by completing natural motion is considered dead.
D. For the purpose of this rule, a struck beater is treated as knocked out.

■ Turnover—Unintentional natural motion violation

■ Yellow Card—Intentional natural motion violation

5.6.3. Unscorable quaffle

If a player is touching the quaffle when they become knocked out and releases it or otherwise propels it according to natural motion, the quaffle becomes an unscorable quaffle.

A. An unscorable quaffle cannot result in a goal, even if the quaffle goes entirely through a hoop.
B. The quaffle remains live and play continues normally.
C. The quaffle becomes scorable again once either of the following occur:
   i. It is touched by an eligible quaffle player teammate of the player who released it.
   ii. It is possessed by any player.
6. Physical Contact and Interactions

6.1. GENERAL INTERACTIONS

6.1.1. Illegal physical contact

The following forms of physical contact are always illegal unless the contact is determined by the referee to have been incidental:

A. Intentionally contacting a player of another position, except for keepers and chasers in regard to one another.
B. Intentionally contacting the snitch runner, except for seekers.
C. Kicking an opponent.
D. Making forcible contact using the crown of the head.
E. Making contact with an opponent’s head, neck, or groin.
F. Initiating contact or exerting force at or below the knees of an opponent.
G. Tripping an opponent.
H. Sliding or diving into an opponent.
I. Jumping, leaping, or climbing onto any player.
J. Intentionally lifting or continuing to hold another player off the ground, either an opponent or a teammate.
K. Grabbing the broom or clothing of an opponent.
L. Attempting to steal the quaffle from, contacting, or otherwise interacting with an opposing protected keeper who is in sole possession of the quaffle (See: 7.2.2. Keeper-specific powers).

*Standard Contact Penalty*- Illegal physical contact

6.1.2. Picks

A pick is when a player gets to a legal position on the field in the path of an opposing player for the purpose of slowing them down or making them change direction without initially engaging in a push, charge, or wrap.

A. A pick is considered set once the picking player positions themselves in the anticipated path of their opponent.
B. All picks are subject to the following rules and restrictions, regardless of whether either player involved has a ball:
   i. It is illegal to pick a player of another position, except for keepers and chasers in
regard to one another.
ii. It is illegal to extend a single point of one’s body during a pick, such as the elbow or point of the shoulder, causing the picked player to run into it.
iii. If the player initiates contact rather than being run into, this shall not be considered a pick.
iv. The player’s feet do not need to be set in order for the play to be legal.
   a. If the would-be picking player is moving directly at their opponent during the pick and contact is forceful, the play will instead be considered a charge.
C. If neither player has possession of a ball, the following restrictions apply in addition to the general pick restrictions:
   i. A pick set from behind must initially give the picked player a step of room to stop and/or change direction.
   ii. A pick set on a moving player must be set with enough time for the player to stop and/or change direction, as determined by the picked player’s speed at the time that the pick is set, not by their actual awareness of the pick.
   iii. The picked player must make every attempt to avoid charging the picking player, either by slowing down so that the initiation of contact is non-forceful or by avoiding the opposing player entirely.
      a. Incidental contact shall not be penalized.
D. If a picked player reacts to the pick by changing their path, any motion to move into the new path shall be considered a new pick.
E. A player charging through an illegal pick shall not be penalized provided they do not increase their force in response to the pick.

 *[Standard Contact Penalty]—Illegal pick

 *[Standard Contact Penalty]—Illegally charging a picking player

6.1.3. Kicking a contested ball

It is generally legal to kick a ball that an opponent is attempting to play. The following rules apply:

A. A player must not kick any opponent.
B. Kicking a ball that an opponent is touching with their hand is a dangerous kick.
C. If the referee determines that a player’s kick would have been illegal if the opponent had not reacted to the kick by actively getting out of the way, the kick must be ruled a dangerous kick.
D. If the referee determines that the kicked or nearly kicked player was at fault for being kicked or nearly kicked because they moved into the way of the kick late, there is no foul under this rule.
Yellow Card—Dangerous kick

Yellow Card—Kicking an opponent

Red Card—Violent or egregious illegal kick

6.1.4. Sliding and diving

Players may slide or dive. However, it is illegal to:

A. Slide or dive into an opponent.
B. Slide or dive directly toward an opponent in a way that forces the opponent to change their movement to avoid the slide or dive.

Standard Contact Penalty—Illegal slide

Standard Contact Penalty—Illegal dive

6.1.5. Hurdling

Jumping or diving fully over any person is considered hurdling.

A. It is illegal for a player to hurdle or attempt to hurdle any person who is not contacting the ground with any part of their body other than their feet.
   i. If the hurdling player was forced, by the sudden movement of the hurdled person, to make an illegal hurdle to avoid more dangerous contact, the hurdle shall not be penalized.
B. If a player jumps so as to reach over or past another person, including but not limited to attempting to make a throw or catch the snitch, and they come back down on the same side of the would-be hurdled person, this shall not be ruled a hurdle.
   i. If a player attempts to jump or dive fully over any person, but fails to do so, this shall be ruled as an attempted hurdle.
C. If a player jumps without attempting a hurdle but falls over another person due to being contacted while in the air, it shall not be ruled as a hurdle.

Yellow Card—Ilegally hurdling or attempting to hurdle any person

Red Card—Violently or egregiously illegally hurdling any person

6.1.6. Contact through a teammate

A. It is illegal for any player to primarily contact a teammate with the intent of causing or otherwise affecting that teammate’s physical interaction with any opponent.
B. Incidental or secondary contact through a teammate shall not be penalized.
Standard Contact Penalty—Illegal contact through a teammate

6.1.7. Helpless receiver

A receiver who is in the process of catching a ball that is in the air is considered a helpless receiver.

A. A receiver does not have to leave the ground in order to be considered a helpless receiver.
B. A receiver remains helpless until they establish their footing on the ground after either gaining sole and complete possession of the ball or they are no longer attempting to catch the ball.
C. A helpless receiver may not be pushed, wrapped, charged, or tackled by any opponent.
D. A player who the referee determines to have thrown a ball to themselves in an attempt to draw a card for illegal contact with a helpless receiver shall not be considered a helpless receiver on that throw.
E. It is not illegally contacting the player if contact was incidental in an attempt to play the ball at the discretion of the referee.

Yellow Card—Illegally contacting a helpless receiver

Red Card—Charging a helpless receiver

Red Card—Tackling a helpless receiver

6.1.8. Stealing

A steal consists of a player’s attempt to extract a ball from an opponent by either stripping or poking it loose.

A. A player may attempt to steal from an opponent while wrapping them.
B. A player must not wind up or swing at the ball in an attempt to punch it loose.
C. During a steal attempt, only for the purposes of contact between the stealing player and the player being stolen from, the player being stolen from is considered to have sole possession until they lose direct control of the ball.

Standard Contact Penalty—Illegal attempt to steal

6.1.9. Initial point of contact

When pushing, body blocking, charging, or wrapping, a player must not make initial contact with an opponent from behind.

A. The contact must be initiated from the front of the opponent’s torso.
i. The front of the torso is defined by a 180 degree straight plane bisecting the player at the middle of both shoulders.

ii. To be considered to be in front of the opponent, the navel of the player initiating contact must be in front of this 180 degree plane when contact is initiated.

iii. As long as the body of the contacting player is positioned in this manner, the actual point of contact may occur at any legal part of the opponent’s torso, arms, or legs above the knee.

B. Once contact has been legally established, a player may continue contact even when it results in contact from behind, so long as contact is not broken.

   i. This includes changing the type of contact.

C. If a player initiates contact by leading with their back, the opposing player may continue the contact and there is no foul.

D. If a player spins or turns just prior to contact, causing the opposing player to initiate contact from behind, there is no foul for contact from behind provided the contacting player did not have reasonable time to react to the spin and completely avoid contact.

E. If a player outruns or runs by an opponent attempting to initiate contact and the contact is initiated from behind, this is still a foul.

---

### Standard Contact Penalty—Illegal contact from behind

6.1.10. Limited contact from behind

A. It is legal to place a hand or hands on an opponent from behind without applying force.

   i. This includes using an arm, without pushing, to prevent an opponent from moving toward oneself.

B. Limited contact from behind is allowed in the following circumstances:

   i. Jostling for position.

   ii. During an attempt to steal.

C. Contact initiated from behind under this rule does not allow a player to engage in the contacts listed in 6.1.9.

6.1.11. Adjusting illegal contact

A. A player who is forced to make illegal contact on an opposing player due to the direct actions of the opposing player must act immediately to readjust the contact to a legal position or discontinue the contact to avoid penalty.

   i. The player’s readjustment must not use or further the illegal contact.

   ii. If the player has enough time to adjust to a legal position prior to initiating contact, they must do so.

6.1.12. Playing recklessly
It is illegal to play recklessly. This includes playing with complete disregard for danger to others.

⚑ Yellow Card—Playing recklessly

⚑ Red Card—Playing egregiously recklessly

6.1.13. Egregious contact

Particularly egregious illegal contact is prohibited. The following are always egregiously illegal contact:

A. Making contact using excessive force.
   i. Using excessive force is defined as when a player both exceeds by far the necessary use of force to complete the action initiated and as a result is in danger of injuring an opponent.

B. Deliberately injuring or attempting to deliberately injure any person by using one’s body or any equipment including the balls.

C. Striking or attempting to strike another person including but not limited to intentionally kneeing, elbowing, or headbutting an opponent.

D. Intentionally physically contacting another person’s head, neck, or groin.

E. Intentionally physically contacting an official other than the snitch runner.

F. Charging a helpless receiver (See: 6.1.7. Helpless receiver).

G. Tackling a helpless receiver (See: 6.1.7. Helpless receiver).

⚑ Ejection—Egregiously illegal contact against a teammate

⚑ Red Card—Egregiously illegal contact against an opponent, spectator, official, or event staffer

6.2. SPECIFIC CONTACT

6.2.1. Body blocking

A body block consists of applying force to an opponent using body parts other than arms or hands not pinned to the torso, where any significant force of the contact is applied after non-forceful contact has already been established by the blocking player’s aforementioned body parts.

A. It is illegal to body block using the head, legs, or feet.

B. It is illegal to extend the point of the elbow into an opponent during a body block.

C. It is illegal to body block if contact was initiated from behind (See: 6.1.9. Initial point of contact).
Standard Contact Penalty—Illegal body block

6.2.2. Pushing

A push consists of initiating force upon an opponent with an extended arm, be it extended during or before the initiation of contact.

A. One arm may be used to push.
B. It is illegal to push using the point of an elbow.
C. It is illegal to push if contact was initiated from behind (See: 6.1.9. Initial point of contact).
D. It is illegal to directly push an opponent’s broom.
   i. Incidental pushing of an opponent’s broom is not illegal.

Standard Contact Penalty—Illegal push

6.2.3. Charging

A charge consists of forcefully initiating contact with an opponent using body parts other than arms or hands not pinned to the torso.

A. It is illegal to charge using the head, legs, or feet.
B. It is illegal to charge an opponent who is not in complete and sole possession of a ball unless the charging player has possession of a ball.
C. It is illegal to initiate contact during a charge so that a single point of the charging player’s body initiates the contact, such as leading with the point of a shoulder or elbow.
   i. Point-of-shoulder to point-of-shoulder contact is allowed.
D. It is illegal for a charging player’s feet to leave the ground prior to or during a charge to spring forward and upward into their opponent.
E. It is illegal to charge if contact was initiated from behind (See: 6.1.9. Initial point of contact).

Standard Contact Penalty—Illegal charge

6.2.4. Wrapping

A wrap consists of encircling any part of an opponent with an arm or arms. The arm includes the hand.

A. It is illegal to wrap an opponent who is not in possession of a ball.
B. Once a wrap has been initiated legally, the wrapping player may continue the already initiated motion of the wrap due to momentum even if the player being wrapped releases
the ball.
   i. The referee must shout “ball out” the moment the ball is released.
   ii. Once aware of the ball being released the player cannot continue contact beyond
       previously created momentum.
C. It is illegal to wrap if contact was initiated from behind (See: 6.1.9. Initial point of
    contact).
D. A grab is a form of wrap that involves holding an opponent or any part of an opponent
    with a closed hand.
   i. It is illegal to grab an opponent’s broom or clothing.
   ii. It is illegal to yank any part of an opponent or pull their arm that is holding the
       broom during a grab.
   iii. It is illegal to apply sharp, sudden force to an opponent’s arm while solely wrapping
       that arm.
E. A tackle is the act of wrapping a player and bringing them to the ground.

**Standard Contact Penalty**—Illegal wrap

### 6.3. SEEKERS AND THE SNITCH RUNNER

#### 6.3.1. Seeker interactions with the snitch runner

While seekers have the standard contact and interaction rules with regard to interactions with
each other, different rules apply to interactions with the snitch runner.

A. The following interactions are legal for a seeker to do to a snitch runner:
   i. Body blocking the snitch runner, subject to standard body block rules (See: 6.2.1.
       Body Blocking).
   ii. Pushing or moving the snitch runner’s arms.
   iii. Reaching around or over the snitch runner with one or both arms.
      a. Any arm reaching around the snitch runner must only have incidental contact
         with them.
      b. It is illegal to squeeze or otherwise restrict the snitch runner’s body with an arm
         that is reaching around them.
B. The following interactions are illegal for a seeker to do to a snitch runner:
   i. Contacting the head, neck, or groin of the snitch runner.
   ii. Charging the snitch runner.
   iii. Pushing the snitch runner’s legs, waist, or torso.
   iv. Holding down or grabbing the snitch runner’s arms.
   v. Illegally hurdling the snitch runner (See: 6.1.5. Hurdling)
vi. Tackling or attempting to tackle the snitch runner.

vii. Grabbing the snitch runner’s clothing.
   a. No penalty shall apply if the seeker immediately releases the clothing.
   b. Any catch made by the offending seeker immediately after or as a result of
      grabbing the snitch runner’s clothing shall be ruled invalid, even if no penalty is
      assessed.

viii. Making forceful contact with the snitch runner while sliding or diving.
   a. Minor incidental contact shall not be penalized.

ix. Making egregiously illegal contact with the snitch runner (See: 6.1.13. Egregious
    contact).

C. If the snitch runner’s arms are held tight against or are otherwise pinned against their
   torso, they shall be treated as part of their torso.

Standard Contact Penalty—Illegal interaction with the snitch runner

6.4. RIGHT OF WAY

6.4.1. Interposition right of way

Players of different positions may not physically interact with each other, except for keepers and
chasers in regard to one another. The following rules apply to these interactions:

A. The following is the order of priority for right of way between two players of different
   positions from highest to lowest priority:
   i. A stationary player with a ball.
   ii. A stationary chaser/keeper without a ball.
   iii. A moving player with a ball.
   iv. A stationary beater or seeker without a ball.
   v. A moving player without a ball.

B. Players with lower priority must yield to players with higher priority which may include
   moving out of the way.
   i. Players of lower priority who fail to yield are generally “at fault.”

C. When two players of the same priority interact, the player whom the referee judges to be
   at fault for the interaction shall be deemed at fault.
   i. If the players are judged to be equally at fault for the interaction, no penalty shall be
      given.

D. If a player clearly acts with the intent of causing an illegal interposition interaction, that
   player shall be deemed at fault, regardless of their priority.

E. If a player moves with the intent of causing an opponent to enter an illegal interposition...
interaction with or yield to another player of equal or higher priority, that player shall be deemed at fault rather than either of the interacting parties.

F. If the referee determines that there was not enough time for the at fault player to reasonably react and yield, the interaction shall be deemed incidental and no penalty shall be given.
   i. This provision shall not activate if the at fault player could be reasonably expected to be aware or acted to ensure they would be unaware of the opposing player with whom they interacted.

G. Only the at fault player is penalized for an illegal interposition interaction.
   i. If the illegal interposition interaction was accidental, and overall gameplay was unaffected, they shall instead be penalized for a minor illegal interposition interaction.

- Back to Hoops—Minor illegal interposition interaction
- Yellow Card—Illegal interposition interaction
- Red Card—Violent or egregious illegal interposition interaction

6.4.2. Interactions with knocked out players

A. It is illegal for any player to intentionally attempt to initiate contact, continue contact, or otherwise interact with a knocked out opponent.
   i. If contact was initiated before or as the knockout occurred, reasonable allowance shall be made for the player to safely disengage from the knocked out opponent.
   ii. Knocked out players must make all reasonable efforts to avoid interacting with play while they are knocked out.

- Yellow Card—Illegally interacting with a knocked out opponent
- Red Card—Violently or egregiously illegally interacting with a knocked out opponent

6.5. UNSPORTING BEHAVIOR

6.5.1. Unsporting conduct

A. Players must not engage in unsporting conduct such as taunting or rude or antagonistic behavior with players, spectators, officials, or event staff

B. Use of explicit, vulgar, extreme, or abusive language or gestures at any time is considered unsporting conduct.
   i. It is egregious unsporting conduct if the language is directed at another person and any of the following are true:
a. The language is extreme or abusive.
b. The language includes vulgar words used for their meaning, rather than solely for emphasis.
c. The language is discriminatory, including but not limited to racial epithets, ethnic slurs, or other phrases which demean or debase any person or group of people based on their race, sex, gender, sexual orientation, religion, or country of origin.
   ii. It is egregious unsporting conduct to direct obscene, explicit, or vulgar gestures at another person.
C. Egregiously rude or hostile behavior, including directed threats or spitting, are egregious unsporting conduct.

- *Yellow Card*—Unsporting conduct
- *Red Card*—Egregious unsporting conduct

### 6.5.2. Internal unsporting conduct

Unsporting conduct that is undirected or solely directed at one's teammates or oneself is internal unsporting conduct.

A. Internal unsporting conduct is not penalized unless it is either:
   i. Repeated use of explicit or vulgar language.
   ii. Egregious.
B. The penalties for this section apply in lieu of the penalties in 6.5.1. Unsporting conduct.

- *Blue Card*—Repeated use of explicit or vulgar language
- *Ejection*—Egregious internal unsporting conduct

### 6.5.3. Physical altercations

It is illegal to engage in physical altercations with any person.

- *Ejection*—Engaging in a physical altercation with a teammate
- *Red Card*—Engaging in a physical altercation with an opponent, spectator, official, or event staffer

### 6.5.4. Serious foul play

It is illegal to commit serious foul play, including egregious conduct and flagrant cheating.

A. If an instance of serious foul play cannot be attributed to a specific player, the speaking
captain must receive the penalty.

Red Card—Serious foul play

6.5.5. Faking a foul

It is illegal to pretend to be fouled.

Yellow Card—Pretending to be fouled
7. Boundaries and Balls

7.1. USING THE BALLS

7.1.1. Use of the ball

Players may possess, touch, kick, throw, or otherwise use the ball associated with their own position.

A. A player is considered to have possession of a ball when that player has sole and complete control of it. This includes when a player is the only player in contact with the ball during a kick.
   i. Swatting a ball out of an opponent’s hands or out of the air is not considered possession.
      a. Swatting a ball that is on the ground is considered possession.
B. Players may only possess, touch, kick, throw, or otherwise use one ball associated with their position at any given time.
   i. A beater may temporarily possess two bludgers if they are in the process of catching a live bludger propelled by an opponent.
      a. In this scenario, the beater must drop one of the two bludgers immediately to avoid penalty.
C. Players may not use a ball associated with their position to mimic the actions of a ball of a different position.
D. Players may not use a ball of their position to intentionally interact with the snitch runner.
   ![Blue Card—Illegally using a ball of one’s own position](image)
   ![Yellow Card—Using a ball to intentionally interact with the snitch runner](image)

7.1.2. Interposition ball interactions

Players are forbidden from possessing, touching, kicking, throwing, or in any way using a ball not associated with their position. The following guidelines apply:

A. Any mounted player who may not play the quaffle must take any and all reasonable actions to avoid a propelled quaffle. Not doing so and being hit is failure to avoid a propelled quaffle.
   i. It is a minor failure to avoid a propelled quaffle if the player attempted to avoid it and failed, but the overall play was not affected.
   ii. Intentionally moving into, or remaining in, the path of the quaffle to block it or unintentionally preventing a goal is interposition ball interference.
   iii. A player unaware of an incoming quaffle is not penalized for not avoiding it unless
they have acted to ensure they would be unaware.
   a. If the player acted to ensure they would be unaware, the interaction shall be treated as intentional.

iv. A player without time to reasonably avoid an incoming quaffle is not penalized for failing to avoid it.

B. Any mounted player who may not play a bludger may allow a live bludger to hit them or intentionally get in the way of a live bludger if it was made live by an opponent.
   i. The player may allow the bludger to bounce off of any part of their body or equipment at any angle. However, any attempt to propel a live bludger with any part of their body is an illegal bludger swat.
      a. This rule does not prohibit a chaser or keeper from using a held quaffle to bat a live bludger or from throwing a quaffle at a live bludger.
      b. If a player is repeatedly illegally swatting bludgers, no harm no foul may not be called.
      c. The penalty for an illegal bludger swat shall be given in lieu of the penalty for interposition ball interference.
   ii. If the referee determines that the player was not reasonably aware that the bludger was either dead or made live by their own teammate and the play was otherwise legal, the player shall not be penalized.

C. Players may legally possess a dead quaffle to return it to the formerly defending keeper after a score (See: 4.2.1. Dead Quaffle).

D. Any other intentional interaction with a ball not associated with one's position is interposition ball interference.

E. Unintentionally and illegally acting on a ball not associated with one's position in a manner that significantly affects the position or trajectory of that ball is incidental interposition ball interference.

F. Intentionally blocking a score by committing interposition ball interference is intentionally and illegally blocking a score.
7.1.3. Interference by substitutes and knocked out players

Substitutes and knocked out players must make a reasonable effort, at the discretion of the referee, not to interact with any ball.

- **Blue Card**—Illegally failing to make a reasonable effort to avoid a ball
- **Red Card**—Intentionally and illegally blocking a score

7.1.4. Bludger vs Quaffle

A. Players may not propel or use a held ball of their position to interact with a ball of another position with the following exceptions:
   i. Beaters may propel bludgers at a live quaffle.
   ii. Quaffle players may use a held or propelled quaffle to hit or deflect a bludger made live by an opponent.
      a. If the referee determines that the player was not reasonably aware that the airborne bludger was either dead or made live by their own teammate and the play was otherwise legal, the player shall not be penalized.
B. Any intentional illegal use of a held ball to interact with a ball not associated with one’s position is interposition ball interference.
C. Unintentionally and illegally acting on a ball not associated with one’s position by using a held ball in a manner that significantly affects the position or trajectory of that ball is incidental interposition ball interference and results in a turnover of the affected ball.

- **Turnover**—Incidental interposition ball interference
- **Yellow Card**—Interposition ball interference

7.1.5. Kicking

A. Players may kick any ball, other than the snitch, which they may legally possess.
B. After a ball has been kicked by a player, that player may not kick it again before it is picked up by any player.
   i. Kicks by protected keepers are ignored for the purposes of applying this rule.

- **Blue Card**—Illegal second kick

7.2. KEEPER ZONE

7.2.1. Inside the keeper zone
A player with any part of their body touching their own keeper zone line or behind it is considered to be in the keeper zone until they touch only the ground outside of their keeper zone or the entirety of their body is in front of the keeper zone line.

### 7.2.2 Keeper-specific powers

A keeper within their own keeper zone, except in the situation described in 7.2.2.B., is considered to be a protected keeper.

#### A. A protected keeper has the following powers:

i. A protected keeper may kick the quaffle any number of times while in their own keeper zone.

ii. While a protected keeper has sole possession of the quaffle, opposing players may not contact, interact with, or attempt to steal the quaffle from the keeper (See: 6.1.1 Illegal physical contact).

   a. Sole possession of the quaffle must be established before this immunity from contact goes into effect.

iii. A protected keeper is immune from being knocked out by live bludgers.

iv. If a protected keeper attempts to save a shot and the quaffle goes out of bounds as a result, the keeper is granted possession rather than the other team (See: 7.5.5 Determining the inbounding player).

#### B. Once any player on the keeper’s team possesses the quaffle outside their keeper zone:

i. The keeper loses all powers listed above.

ii. The powers listed above can be regained when their team’s drive ends.

### 7.3. OFFENSE, DEFENSE, AND DRIVES

#### 7.3.1 Drives

A. A drive is initiated for a team when one of the following occurs:

i. A player on that team is the first player to gain possession of the quaffle at the beginning of a period.

ii. A player on that team gains possession of the quaffle during the opposing team’s drive, thus ending the opposing team’s drive.

iii. A player on that team makes the quaffle live after a good goal.

B. A drive ends for a team when one of the following occurs:

i. The opposing team gains possession of the quaffle, initiating their own drive.

ii. A period ends.

iii. A goal is scored for either team.
7.3.2. Offense and defense

A. During a team’s drive, they are the “offensive team.”
   i. The opposing team is the “defensive team.”

7.4. PACE OF PLAY

7.4.1. Delay of game

Delay of game is defined as an attempt to stop or significantly impede the quaffle game from continuing. The exact determination of what constitutes delay of game is at the discretion of the referee, within the following guidelines:

A. A beater or beaters may guard a quaffle to prevent the opposing team from gaining possession of it. However, it is delay of game if a beater continues to protect the quaffle while their quaffle players are making no reasonable attempt to retrieve it.

B. Keeper delay:
   i. A protected keeper must directly and immediately advance the quaffle out of the keeper zone, attempt to complete a pass, or drop the quaffle to the ground.
   ii. After a goal, the keeper on the formerly defensive team must not substitute out of the game until they have made the quaffle live.

C. The quaffle carrier must at least advance the quaffle at a normal walking pace until they have crossed the midfield line.
   i. If the quaffle carrier is taking a non direct path, their forward progress must equal or exceed the forward progress of a normal walking pace on a path perpendicular to the midfield line.
   ii. If the quaffle carrier is blocked by a defender, they may temporarily delay their forward progress but must clearly attempt to find a way to bypass the defender.
      a. The quaffle carrier is considered blocked by a defender if that defender is between the quaffle carrier and any part of the defender’s endline and that defender is:
         1. An opposing chaser or keeper within approximately 2 yards of the quaffle carrier.
         2. An opposing beater in possession of a bludger within approximately 4 yards of the quaffle carrier.

D. Stalling:
   i. On each drive, the quaffle players on the offensive team must act with the overall primary intent to score. Players in possession of the quaffle may not act with the overall primary intent to waste time for any reason.

E. The head referee may issue a warning when the referee determines that the team is beginning to delay the game.
i. Teams must respond immediately to this warning to avoid a penalty for delay of game. Multiple warnings may be given for delay of game during a single game, as the referee determines to be appropriate.

ii. Warnings do not need to be issued before calling delay of game.

\[\textbf{Blue Card and Quaffle Turnover—Delay of game}\]

7.4.2. Stalled Quaffle

A quaffle is considered stalled if the player(s) possessing it is touching the ground with any body parts other than their feet or hands and is in contact with an opposing player.

A. Upon a quaffle becoming stalled, a head referee must begin counting down from ten silently. If the quaffle is still stalled at the count of six, the head referee must count down from five out loud.
   i. If the quaffle ceases to be stalled at any point before the count of one, the head referee ends their count.

B. After the count of one the head referee stops play and turns the quaffle over to the keeper defending the half the quaffle is currently in, in their keeper zone.
   i. If the keeper is not in their keeper zone, they shall be moved to the center hoop.
   ii. The keeper shall receive immunity (See: 7.2.2 Keeper-specific powers.)

7.4.3. Resetting the Quaffle

Teams are partially restricted from carrying or propelling the quaffle backward toward their own hoops. The following rules apply:

A. Each team has two restrictor lines during their drives, each of which extend completely across the width of the pitch at:
   i. The team’s own keeper zone line.
   ii. The midfield line.

B. The quaffle is considered to have crossed a restrictor line when it touches either the ground or an object or person that is entirely on the other side of the line.
   i. A player touching the ground on both sides of the restrictor line is not considered to have crossed the line.

C. If an offensive player carries or propels the quaffle backward across one of their restrictor lines for any reason, it shall be ruled a reset, with the following exceptions:
   i. If a defensive player deflects the quaffle, during or after the propulsion and before it travels backward across a restrictor line, this shall not be considered a reset.
      a. This includes if the deflection is done with a bludger.
   ii. If a defender forces the quaffle carrier backwards across a restrictor line through physical contact or strips the quaffle causing it to travel across a restrictor line, this
shall not be considered a reset.

a. Once the quaffle carrier is free from contact, or the quaffle becomes loose, they or their teammates must act to carry or propel the quaffle forward across that restrictor line as soon as reasonably possible or it shall be considered a reset.

iii. The player who initiates a drive may carry or propel the quaffle backwards across one or both restrictor lines immediately upon the beginning of the drive without it counting as a reset.

a. This action is still subject to all other rules, including delay of game and stalling.

b. If the player started the drive while engaged in physical contact with an opponent, they may carry or propel the quaffle backwards across the restrictor lines during or immediately after that contact without it counting as a reset, provided they did not significantly advance the quaffle during that contact.

D. If a single resetting action causes the quaffle to cross backwards across both restrictor lines, it shall be considered a single reset.

i. This action is still subject to all other rules, including delay of game and stalling.

E. Upon the first legal reset of each drive, the head referee shall loudly declare “reset used” and signal the same by swinging one arm out, palm down, toward the offensive team’s hoops.

F. There are two types of illegal resets:

i. It is illegal to reset the quaffle more than once on a single drive.

ii. It is illegal to reset the quaffle by propelling it backwards across a restrictor line without either attempting a pass to an eligible receiver or attempting to score a goal through their opponents’ hoops, at the discretion of the referee.

a. A receiver’s eligibility is determined at the arrival of the quaffle, not the time of the pass.

b. This restriction does not apply to loose balls, unless a player intentionally made the quaffle loose in order for their team to attempt a reset.

G. If an illegal reset is called, play must be stopped.

a. If the opposing team would clearly recover the quaffle without the turnover call, the referee may allow play to continue under a “no harm no foul” call.

Quaffle Turnover—Illegal reset

7.5. BOUNDARIES

7.5.1. Out of bounds.

A. The area within the boundary lines is inbounds.

B. The boundary lines, and any area beyond them, are out of bounds.
7.5.2. Boundaries and balls

A. A possessed ball becomes out of bounds only when the player possessing it becomes out.
B. An unpossessed ball becomes out of bounds when one of the following occur:
   i. The ball touches anything that is out of bounds, other than a player in play.
   ii. The quaffle is in contact with a player who is out of bounds.
C. A live bludger becomes dead immediately upon becoming out of bounds.
D. Play is not stopped for a bludger going out of bounds.
E. When a live quaffle goes out of bounds, the referee shall declare “boundary” and indicate the inbounding player.
   i. If a player on the opposing team possesses the quaffle, they must drop it.
   ii. All quaffle players on the non-inbounding team must return or remain inbounds and cease interfering with the inbounding player.
   iii. Play is stopped if the non-inbounding team fails to follow the above requirements, or if the head referee judges that retrieval of the quaffle may unnecessarily delay the game.
F. When a dead quaffle goes out of bounds after a score, it is returned to the formerly defending keeper, and does not need to be inbounded.
   i. Play is not stopped for a dead quaffle going out of bounds unless the head referee judges that retrieval of the quaffle may unnecessarily delay the game.
G. It is illegal to propel a ball with the intent of sending any ball out of bounds.
H. A ball that is out of bounds cannot be used to knockout an opponent or score a goal until it has been properly inbounded.

- **Blue Card**—Propelling a ball with the intent of sending any ball out of bounds

- **Yellow Card**—Intentionally or blatantly ignoring a “boundary” call

7.5.3. Players out of bounds

A. Players are considered out of bounds upon touching the ground out of bounds.
   i. A player remains out of bounds until the player re-establishes themselves inbounds by touching the ground only inbounds.
   ii. If a ball possessed by a player touches the ground out of bounds, that player is also out of bounds.
B. Players may not go out of bounds unless specifically allowed or required by rule.
   i. A player who accidentally steps out of bounds for a short time shall not be penalized.
      a. This does not negate any out of bounds turnovers.
   ii. A player who legally goes out of bounds must directly and immediately return
inbounds once the reason for legally going out of bounds no longer applies.

C. Players may attempt to force opponents out of bounds through otherwise legal contact.
   i. Once the opposing player is out of bounds, the forcing player must discontinue contact as soon as they can safely do so.
   ii. There is no penalty for being forced out of bounds by an opponent.
      a. This does not negate any out of bounds turnovers.
      b. The player must directly and immediately act to return inbounds.
   iii. If the ball carrier is forced out by a player who is knocked out, they are not considered out of bounds.
      a. To avoid being called out, the ball carrier must act to return inbounds immediately.

D. Players may go out of bounds while attempting to force a ball carrier out of bounds.

*Back to Hoops*—Intentionally or egregiously illegally going or remaining out of bounds

7.5.4. Inbounding procedure

A. The inbounding player takes possession of the out of bounds ball and moves to the inbounding point.
   i. The inbounding point for the quaffle is the approximate location where the quaffle crossed the boundary line.
   ii. The inbounding point for a bludger is approximately at the closest point on the boundary line to the inbounding beater when they take possession of the out of bounds bludger.
   iii. The inbounding player is immune from being knocked out by live bludgers while out of bounds to inbound a ball.

B. If play was stopped, the head referee shall restart play.

C. An official shall count down 5 seconds.

D. The inbounding player must inbound the ball by either carrying the ball back inbounds or throwing the ball inbounds before the official starts saying “zero.”
   i. If the ball is thrown, it is considered inbounds once it completely crosses the sideline or endline.
   ii. If the ball is carried inbounds, it is considered inbounds once the player re-establishes themselves inbounds.
   iii. No player on the opposing team may physically prevent the inbounding player from fully re-entering the pitch at the inbounding point.

E. The inbounding player may only move in a primarily perpendicular direction to the boundary line.
   i. This does not prevent a player from stepping into their throw.
F. A bludger inbounded by a throw is dead.
G. A quaffle inbounded by a throw is unscorable (See: 5.6.3. Unscorable quaffle).
H. If there is an inbounding procedure violation, the player receiving the resulting turnover does not need to inbound the ball.

- Back to Hoops and Turnover—Inbounding procedure violation

- Back to Hoops—Illegally physically preventing the inbounding player from re-entering the pitch

7.5.5. Determining the inbounding player

A. An inbounding player must be eligible.
   i. An eligible player is a player who meets all of the following conditions.
      a. The player is not knocked out.
      b. The player is legally allowed to possess the ball.
      c. The player is not in possession of another ball.
      d. The player is not already the inbounding player for another currently out of bounds ball.

B. When a loose bludger goes out of bounds, the inbounding player is the nearest eligible player to the ball at the time that the bludger became out of bounds.
   i. If the inbounding player becomes ineligible for any reason before gaining possession of the out of bounds bludger or declines to pursue the out of bounds bludger, the next nearest eligible beater shall be designated as the inbounding player.
   ii. If there are no eligible beaters near the inbounding point and no beater on either team is attempting to pursue the out of bounds bludger, the nearest official shall retrieve the bludger and place it approximately two yards inside the inbounding point.
      a. This ball no longer needs to be inbounded.

C. When the quaffle goes out of bounds:
   i. If a keeper was the last to touch the quaffle and they did so while attempting to save a shot within their own keeper zone, the keeper is the inbounding player.
      a. If the keeper is or becomes ineligible, they remain the inbounding player.
   ii. In any other situation, the inbounding player is the nearest eligible quaffle player to the inbounding point who is on the team that did not last touch the quaffle.
   iii. The inbounding quaffle player is immune from being knocked out by live bludgers from the time they are designated as the inbounding player until they return to the pitch after the quaffle is inbounded.

D. When a ball goes out of bounds while in the possession of a player, the inbounding player is the nearest eligible player on the opposing team.
8. The Snitch Runner

8.1. ROLE OF THE SNITCH RUNNER

8.1.1. Role of the snitch runner

The role of the snitch runner is to prevent the snitch tail from being caught by either team’s seeker for as long as possible while also serving as a fair and impartial official.

8.1.2. The snitch runner’s uniform

A. The snitch runner must wear shorts or pants with the snitch tail affixed.
   i. The snitch shorts and tail must meet all the requirements in section 2.3.3. The snitch.
B. The snitch runner must wear a shirt or jersey and be easily identifiable as distinct from either team.
C. The snitch runner’s shorts or pants should be all yellow or gold.

8.2. THE SNITCH RUNNER’S TIMING

8.2.1. The snitch runner’s release

A. The snitch runner must be released onto the pitch from the scorekeeper’s table:
   i. After the 20 minute mark of regulation time.
B. The snitch runner begins overtime already released on the midfield line.

8.2.2. Remaining on the pitch

Once the snitch runner has been released onto the pitch, the snitch runner may not intentionally leave the pitch until the period ends.

8.2.3. Snitch handicaps

A. The following handicaps on the snitch runner are cumulative and must be implemented at their assigned times as measured in game time.
   i. Upon the release of the seekers, the snitch runner is required to remain between the keeper zone lines.
   ii. 20 minutes into the game, the snitch runner is required to remain within roughly 1.5 yards of the midfield line.
   iii. 25 minutes into the game, the snitch runner is required to use only one arm.
   iv. 30 minutes into the game, the snitch runner is required to remain within roughly 1.5
yards of the midline ball position furthest from the scorekeeper (See: 2.1.6. Ball positions).

B. Snitch runners may choose to further handicap themselves during a game, however tournament staff and game officials must neither order nor request that they do so.

C. No snitch catch shall be invalidated due to a snitch runner not being in compliance with the handicaps.

D. Repeated violations of the handicaps is grounds for the replacement of the snitch runner.

E. If a game proceeds to overtime, all handicaps on the snitch runner are removed for the remainder of the game, except for the requirement to remain between the keeper zone lines, and no further handicaps shall be implemented.

8.3. SNITCH RUNNER REQUIREMENTS

8.3.1. Snitch runner code of conduct

A snitch runner must not intentionally engage in any of the below actions, unless to protect the safety of an individual on pitch:

A. Physically contacting a seeker’s head, neck, or groin.
B. Physically contacting a seeker’s legs at or below the knee unless contact with the seeker has already been established in another manner.
C. Physically interacting with any individuals other than the seekers.
D. Acting in a manner deemed continuously reckless or dangerous.
E. Showing bias towards any team.
F. Leaving the pitch.
   i. Snitches must remain within a distance inside the pitch boundary where they will not repeatedly be leaving the pitch.
G. Attempting to become down in any manner.
   i. Unless injured, unable to play, avoiding a dangerous situation, adjusting equipment, or asked to do so by a referee (See: 8.4.1. Down snitch runner).
H. Touching any ball, including interfering in any way with the snitch tail.
I. Pulling a seeker’s headband, clothing, or equipment other than the broom.
J. Making an incorrect call or lying about a call to deceive an individual.
K. Disobeying a directive from the head referee.
L. Throwing brooms to distance them from the snitch.
   i. Unless directly down onto the ground.

8.3.2. Breach of standards by the snitch runner

A. The head referee may remove any snitch runner due to injury, breach of the standards listed in 8.3.1. Snitch runner code of conduct, or for being overly aggressive or
irresponsible.

B. A referee may warn the snitch runner of minor violations or breaches of the standards listed in 8.3.1. Snitch runner code of conduct prior to replacement.
   i. Major violations may warrant removal of the snitch runner without a previous warning.

C. If the snitch runner commits a major violation against one seeker, play should be stopped immediately and any snitch catch by the opposing team between the violation and play being stopped must be called no good.

8.3.3. Snitch runners during stoppages

The snitch runner may move around during stoppages, however:

A. The snitch runner must return to roughly where they were when play was stopped before play is restarted.

B. The snitch runner must not delay the restart of play.

8.4 RULED AS DOWN

8.4.1. Down snitch runner

A. A snitch runner is considered down when:
   i. Any part of the snitch runner’s body, other than their hands or feet, touches the ground.
      a. The snitch tail itself touching the ground does not cause the snitch runner to be considered down.
   ii. Any part of the snitch runner contacts the ground on or outside the boundary of the pitch.
   iii. The snitch runner’s clothing needs to be adjusted, as described in 8.4.2. Adjusting the snitch runner’s clothing.
   iv. Play is restarted after any stoppage.

B. When the snitch runner is down, the snitch is uncatchable, regardless of whether the snitch runner went down intentionally or unintentionally.
   i. The snitch runner is considered down until the completion of their three second head start (See: 8.4.3. Resetting a down snitch runner).

8.4.2. Adjusting the snitch runner’s clothing

A. The snitch runner’s clothing needs to be adjusted if the snitch runner’s shorts are notably low or off center, the snitch runner’s other clothing obscures the snitch, or the snitch runner’s clothing impedes the snitch runner.
B. If the snitch runner’s clothing needs to be adjusted, the snitch runner is considered down and the snitch is uncatchable from the moment the clothing is askew, at the discretion of the referee.
   i. If the clothing is made askew because a seeker had grabbed the snitch tail and it did not release from the shorts, the snitch runner shall not be considered down until the seeker lets go of the snitch tail so long as the seeker did not also grab other parts of the snitch runner’s clothing.
      a. This does not prevent or delay the snitch runner from being ruled as down for reasons other than the clothing needing to be adjusted.

8.4.3. Resetting a down snitch runner

Once a snitch runner has been ruled down, the seekers must:

A. Cease directly pursuing the snitch.
B. Release all parts of the snitch runner’s body, clothing, and the snitch.
C. Allow the snitch runner to rise to their feet.
D. Allow the snitch runner to adjust all clothing and equipment as necessary.
E. Allow an additional three-second head start as counted off by the lead assistant referee before directly pursuing the snitch again.

Back to Hoops—Illegally pursuing the snitch
9. Penalties

9.1. DISCIPLINARY SANCTIONS

9.1.1. No harm no foul

In the case of a minor offense that has not given either team an advantage, a referee may decide to verbally warn players about a potential infraction rather than calling a foul.

9.1.2. Repeat procedure

If a player commits a foul that results in a repeat procedure penalty, the player must repeat the violated procedure from the point of the procedure that was violated.

A. The player does not need to return to the location of the violation unless it is necessary to complete the procedure correctly.
B. The player is ineligible to otherwise interact with play until the procedure is correctly completed.

9.1.3. Back to hoops

If a player commits a foul that results in a back to hoops penalty:

A. Play should generally not be stopped.
B. A referee informs the player of the infringement and tells them “back to hoops.”
C. The player must dismount and follow the knockout procedure.
D. If any ball is propelled by a player while or immediately after committing a foul for which they are sent back to hoops, that ball must be turned over to the opposing team under the turnover procedure.

9.1.4. Turnover

Turnovers result in possession of a specific ball being given to the opposing team. If a player commits a foul that results in a turnover:

A. The referee may choose to stop play or complete the turnover while play continues unless required to stop play by rule.
B. If play is not stopped to complete the turnover:
   i. The referee calls for the turnover.
   ii. If a player on the fouling team has the ball, they must drop it.
   iii. If the ball is loose any eligible player for the receiving team may retrieve it.
iv. The referee may pass the ball to the nearest eligible player.

v. The fouling team may not touch the ball until the receiving team gains possession of it or declines the turnover.

vi. The fouling team may not delay the receiving team from getting the ball.

vii. The receiving team must immediately move to possess the ball or decline the turnover.

   a. Failure to do either after being clearly informed of the turnover shall be treated as declining the turnover.

C. If play is stopped to complete the turnover:

   i. The referee stops play.

   ii. The referee gives the ball to the closest eligible player to the location of the ball.

   a. If the ball was thrown during or after the foul, the ball is turned over to the closest eligible player from the point of the throw.

D. If there is no eligible player to receive the ball, the ball is placed at or thrown to the center hoop of the receiving team.

   i. If there are no eligible players to receive a bludger because all the receiving team’s beaters already have bludgers, the ball is dropped or left in place instead of being turned over.

E. A quaffle to be turned over is unable to result in a goal against the receiving team until the procedure is complete.

F. If both teams have committed fouls which would turn over the same ball, possession of that ball is determined by:

   i. The procedure for the foul receiving the most severe penalty card, if any.

   ii. If multiple fouls tie for the most severe penalty card, among the tied fouls, the procedure for the foul committed last.

   iii. If both teams commit fouls that tie for the most severe and one team has committed more fouls than the other, the procedure for the last of those fouls committed by that team shall be followed.

⚑ Back to Hoops—Delaying the completion of the turnover procedure

⚑ Yellow Card—Willfully ignoring a turnover call

9.1.5. Penalty cards

If a foul results in a penalty card:

A. Play is stopped.

B. The referee signals that there was a penalty by showing the appropriate card(s) and communicating the nature of the foul.
C. The player who committed the foul is sent to the penalty box.
   i. The fouling team must play down a player at the position of the fouling player for the duration of the penalty time.
      a. The player serving the penalty time may not be substituted while in the penalty box unless they are injured or ejected.
   ii. A player who receives a red card is ejected and their substitute is sent to the penalty box.
      a. All requirements and procedures for ejected players must be followed (See: 9.1.6. Ejection).
D. Penalty cards result in the following turnovers:
   i. Any ball that the fouling player possessed or acted on from the time of the foul until play was stopped must be turned over to the opposing team. This includes any balls that the fouled team was prevented from possessing by the foul.
   ii. If a delayed penalty results in a card and the fouled team lost the quaffle between the time of the foul and the stoppage of play, the quaffle is turned over to the fouled team.
   iii. For yellow and red cards, if the fouling team is in possession of the quaffle or if the quaffle is loose, the quaffle is turned over to the opposing team.
E. If a player receives a third yellow card in the same game, the player must receive a red card after being shown the yellow card.
F. Play is resumed.

9.1.6. Ejection

If a penalty results in an ejection:

A. The ejected player must leave the player area and may not return for the remainder of the game.
B. If the player refuses to leave the player area:
   i. The player’s team must assist in escorting the player away from the player area.
   ii. If the player persists in refusing to leave or becomes dangerous, the head referee may end the game resulting in a forfeit for the fouling player’s team.
C. The referee may require the player to leave the vicinity of the pitch.
D. Ejected players must not re-enter the player area or communicate with anyone inside the player area.
   i. This rule does not prohibit the ejected player from cheering for their team.
E. If the ejected player was in play, the team must substitute a player in for the fouling player.
   i. Gender maximum exceptions apply as if this were an injury substitution (1.3.3.}
Substitutions due to injury).

a. If this would leave a position without at least one player, another player in play must change to the position and location of the ejected player.

F. If the ejected player had any penalty time assessed which had not been fully served, their substitute must serve the remainder of the penalty time.
   i. If the ejected player was not in play, then the speaking captain must designate a player on the pitch to go to the penalty box and serve that time.
   ii. If the player was serving time for their own penalty and was ejected with a red card, the remaining time for the previous penalty is waived, and only the two minutes for the red card are served.

- **Speaking Captain Blue Card**—Illegally communicating with people in the player area as an ejected player
- **Forfeit**—Persistently refusing to leave the player area after being ejected
- **Forfeit**—Endangering others after being ejected

9.1.7. Forfeit

If a foul results in a forfeit penalty, the fouling team forfeits the game (See: 3.6.1. Declaring a forfeit).

A. If both teams receive forfeit penalties on the same play or incident, a double forfeit shall be declared.

9.1.8. Standard contact penalties

When a penalty for a foul is listed as the standard contact penalty, the following set of penalties shall apply to that foul:

A. The default penalty for the foul is a yellow card.
B. Minor fouls that do not affect overall gameplay and were, if applicable, immediately adjusted may receive a back to hoops penalty in place of a yellow card.
C. Violent or egregious fouls must receive a red card instead of the yellow card.

9.1.9. Speaking Captain Penalty Cards

When a penalty for a foul is listed as a speaking captain card, the listed penalty card is given to the team’s speaking captain rather than the individual directly committing or causing the foul.

9.2. GENERAL FOUL PROCEDURES
9.2.1. Violations caused by opponents’ fouls

A. Any player who violates a rule as a direct result of the illegal actions of an opponent may avoid a penalty if they correct the violation as soon as possible.

9.2.2. Plays after a foul

Any goal, knockout, or snitch catch performed by a player while or immediately after committing a foul does not count.

A. If either advantage or a delayed penalty are called, the fouling player may knock out opponents during the delay as normal so long as the attempts were not made while or immediately after committing the foul.

9.2.3. Bench fouls

In certain limited cases, when substitutes or team staffers commit fouls, the penalty may be assessed to the speaking captain.

A. If a single identifiable substitute or team staffer commits a foul, only the fouling individual shall be assessed the penalty.

B. If a single substitute or team staffer commits a foul but the individual cannot be identified, the penalty shall be assessed to the speaking captain instead.

C. If multiple substitutes or team staffers jointly commit the same or directly related offenses, only the speaking captain shall receive a penalty card, if applicable, for the foul committed.
   i. The speaking captain shall only receive a single penalty card for the offense.
   ii. If the penalty for the offense is a straight red card or ejection, all substitutes and team staffers who are identified as having committed the red card or ejection offense themselves shall be ejected from the game.

D. If multiple unconnected offenses are committed by substitutes or team staffers, they shall be treated as separate incidents for the purposes of applying this rule.
   i. If this would result in multiple penalty cards being given to the speaking captain, including multiple red cards, on a single stoppage, then the speaking captain or their replacement shall serve only the single most severe of the cards. A separate player must be pulled off of the pitch to serve the time for each of the remaining cards.
      a. The players pulled off the pitch do not get credited with the cards.
      b. If the speaking captain is given three yellow cards in this manner, they shall be shown a red card.
         1. If these are their first three yellow cards of the game, the penalty time for the red card shall be served by their replacement and the three yellow cards shall not be separately served.
9.3. TIMING OF THE FOUL

9.3.1. Simultaneous penalty

If a player commits multiple fouls, the player shall be assessed the appropriate penalty for each offense except as follows:

A. If a player commits multiple penalty card offenses simultaneously, the referee only adjudicates the penalty for the most egregious of those fouls.
B. If a player commits multiple directly related penalty card offenses in quick succession, the referee only adjudicates the penalty for the most egregious of those fouls.

9.3.2. Fouls before a goal

A. If the fouled team scores a good goal between the time of the foul and the adjudication of the penalty for that foul, the penalty shall not result in a turnover of the quaffle.

9.3.3. Fouls after a goal

A. If a player on the formerly defending team receives a penalty for a foul committed while the quaffle is dead:
   i. If the foul was committed as part of a play to defend against the goal, the penalty shall not result in a turnover of the quaffle.
   ii. If the foul was not committed as part of a play to defend against the goal, the penalty is assessed in full including any prescribed turnovers.
   iii. The goal does not negate any penalty time for the foul.

9.3.4. Fouls prior to the game

If a player receives a penalty card before the game begins:

A. The offending team begins the game with the offending player (or the player’s replacement in the case of a red card) in the penalty box and one less player in the keeper zone.
B. The player’s penalty time officially begins at brooms up.

9.3.5. Fouls after the end of the period

A. A player who receives a penalty card for a foul that occurred prior to the referee signalling the end of a period ending in a tie shall serve their penalty time in the subsequent period at the position at which they were playing.
B. A player who receives a penalty card for a foul that occurred after the referee signaled the end of a period ending in a tie shall serve their penalty time in the subsequent period at...
the position of their speaking captain’s choice.
C. If a player is assessed a foul after the game ends, the penalty must be noted normally on the scorecard for the game.

9.4. THE PENALTY BOX

9.4.1. Time of penalty

A. Blue cards and yellow cards result in one minute of game time in the penalty box for the penalized player, unless the opposing team scores during that minute.
   i. When the opposing team scores by any method, the player with the least amount of penalty time remaining from a blue or yellow card is released from the penalty box.
      a. A single score may only count toward the release of one player.
         1. If two players on the same team have the same amount of time remaining in the penalty box for releasable penalties, the head referee shall use their discretion to designate which one is released first.
         2. If a player is serving time for multiple penalty cards simultaneously, scores will only count toward their release if no other player on their team has less time remaining for a blue card or yellow card penalty.
      b. An own goal counts as a score by the team for which the goal is counted.
   ii. If the fouled team scores between the time of the foul and when play is stopped, and no other players would be released by the score, the penalized player does not go to the penalty box and restarts play dismounted at their current location instead.
      a. If there are multiple blue or yellow cards, only the penalty time of the player who would have been released on a score first is negated.
      b. If the penalized player receives multiple penalty cards for fouls occurring prior to play being stopped and the score would count against their time, the penalized player still goes to the penalty box, and their opponent’s score counts as the first score toward their release.
B. A red card results in two full minutes of game time in the penalty box for the offending player’s replacement.
   i. Scores cannot release this player.
C. Stacking penalty time:
   i. Whenever a person receives a red card for any reason, they are ejected, all other penalty time for fouls by that individual is negated, and only the penalty time for the red card is served.
   ii. If a person receives multiple penalty cards on a single stoppage without receiving a red card, the penalty time shall be one minute per card received, or until the opposing team scores a number of times equal to the number of cards received, whichever occurs first.
iii. If a person who is serving time in the penalty box for their own penalty receives another penalty card without receiving a red card, they shall have a minute added to their penalty time and an additional score shall be required to release them per card.
iv. If a player receives a penalty card while serving time for a teammate’s penalty:
   a. Another substitute must serve the remainder of the original penalty.
   b. The offending player’s penalty shall then be treated as a foul by a substitute (See: 9.2.3. Bench fouls).

9.4.2. Proceeding to the penalty box

Play is stopped while the penalized player, team staffer, or appropriate substitute is sent to the penalty box.

A. Any substitution or position change made by the fouling player after the foul and before receiving the penalty card must be undone, and the fouling player must serve their penalty time at the position at which they committed the initial foul.
   i. If the foul is illegal substitution, the entering player receives the penalty card and time.
B. If the keeper in play is sent to the penalty box, they must switch positions with a chaser on their team who is in play before they go to the penalty box.
   i. The keeper must not switch with a player who is serving time in the penalty box.
   ii. If all of the team’s chasers are already serving time in the penalty box, the keeper must switch headbands with a seeker or beater on their team instead.
C. The person going to the penalty box must proceed immediately to the penalty box without delay and remain there until the penalty expires.
   i. If a player is given a blue or yellow card but is deemed to be too injured to serve their penalty by the head referee or the fouling player themselves, the speaking captain must choose an eligible substitute to serve the penalty.
      a. If a carded player is replaced in the penalty box due to an injury, that player may not re-enter play until their substitute is released from the penalty box.
D. Penalty time begins as soon as the head referee resumes play.
E. If the player’s penalty time is negated by a score before they are shown the penalty card, the player shall not be moved to the penalty box and shall restart play dismounted at their current location.

⚠️ Yellow Card—Failing to immediately proceed to the penalty box after being carded

9.4.3. Penalty box considerations

A. Players serving penalty time are considered in play for the purposes of the gender maximum rule and positions.
B. If a player is serving time for another player’s card, the carded player, not the player serving the time, is considered in play for the purposes of the gender maximum rule and positions for the duration of the penalty.
   i. This does not apply to cases where a player is serving time for a team staffer’s penalty.
C. Players in the penalty box are subject to the same restrictions and penalties regarding interacting with play as substitutes.
D. Players serving time in the penalty box may not be mounted on a broom.
E. If a player illegally substitutes while serving time in the penalty box, the substitution must be undone, and a penalty for an illegal substitution in the penalty box must be assessed in lieu of the penalty for a regular illegal substitution.

**Speaking Captain Yellow Card**—Illegal substitution in the penalty box

9.4.4. Tracking penalty time

A. Penalty time begins when the referee blows the whistle to restart play.
B. As soon as a player’s penalty time expires, the timekeeper must release the player from the penalty box.
   i. When a player is released from the penalty box they are dismounted and must follow the knockout procedure to re-enter play.
   ii. Any player serving time in the penalty box may return to the pitch as soon as their penalty time expires.

9.4.5. Penalties to substitutes and team staffers

If a substitute or team staffer receives a penalty card, that team must play a player down. The following procedure applies:

A. The speaking captain must designate a player in play who is not already serving penalty time.
   i. If more than one substitute or team staffer is sent to the penalty box, a separate player in play must be designated for each.
B. If a substitute receives a blue or yellow card, they substitute into the game for the designated player.
   i. The fouling substitute proceeds to the penalty box.
   ii. The designated player returns to the bench and is eligible to substitute back into the game through the normal substitution procedure.
C. If a substitute receives a red card, they are ejected and the designated player must proceed to the penalty box to serve the two minutes of penalty time.
D. If a team staffer receives a penalty card, the designated player proceeds to the penalty box
and serves the penalty time.
   i. If the team staffer was not ejected, they must join the designated player in the penalty box.
      a. Once the team staffer’s penalty time expires, the player is released and the team staffer shall return to the team bench.

9.4.6. All players in the penalty box

If all players in play for a team are simultaneously serving time in the penalty box, that team must forfeit the game.

   A. If both teams reach this situation on the same play or incident, a double forfeit shall be declared.

   ✋ Forfeit—Having all players in play serving penalty time

9.5. ADVANTAGE

9.5.1. Calling advantage

If the head referee determines that stopping play due to a foul would provide an advantage in the quaffle game to the fouling team, the referee may delay stopping play by calling advantage.

   A. If advantage is called the following procedure applies:
      i. The referee throws a marker indicating the location of the quaffle at the time of the foul and raises one hand straight into the air.
      ii. The referee may send the fouling player back to hoops at the start of the advantage if the situation warrants.
      iii. Play continues until the fouling team would no longer benefit from play being stopped including but not limited to the following situations:
         a. The fouling team gains possession of the quaffle.
         b. A goal is scored for the fouled team.
         c. The fouled team is not actively moving to score.
         d. The fouled team commits a separate foul.
         e. There is a snitch catch by either team.
      B. When advantage abates, the referee must stop play, and any penalties shall be adjudicated as normal.
         i. If no penalty is assessed against the team that was on defense during the advantage call, play shall be restarted as though advantage was not called.

9.5.2. Advantage restart procedure
Play is restarted as follows after an advantage call:

A. If a goal is scored for the non-fouling team, play restarts according to standard procedure for a goal (See: 4.2. Restarting after a goal).
B. If the originally fouled team did not score before the advantage abated:
   i. The quaffle carrier at the time of the foul (or their substitute) is returned to the point of the foul and is given the quaffle before play is resumed.
      a. If this player has been knocked out, they are returned to the point of the foul as an eligible player.
      b. If this player committed a back to hoops foul during the advantage or has been sent to the penalty box, the eligible quaffle player from that team nearest to the point of the foul shall move there and receive the quaffle instead.
      c. If the quaffle is turned over to the originally fouling team, no players shall be moved to the point of the foul.
   ii. All other players remain where they were at the time of the stoppage and, if knocked out before the stoppage, continue to be knocked out.
   iii. Play is resumed by the head referee.

9.6. DELAYED PENALTIES

9.6.1. Delayed penalties

All blue, yellow, and red card penalties called by officials other than the head referee are considered delayed penalties.

A. If the head referee also sees and calls the foul themselves, then it is not treated as a delayed penalty.
B. If play is stopped under this procedure and no cards are assessed as a result, it shall be treated as though it was not a delayed penalty.

9.6.2. Calling a delayed penalty

A. If an official other than the head referee sees a player or team staffer commit a foul, that official raises their hand and play continues as a delayed penalty.
B. The assistant referee may send the fouling player back to hoops during the delay if the situation warrants.
C. The referee visually and verbally signals to the head referee that a foul has occurred and which team committed the foul.
   i. If the head referee determines that it is appropriate to immediately stop play, the head referee may do so.
   ii. The head referee may allow play to continue as in an advantage situation until the
advantage abates in any way, unless the foul continues or escalates.

a. If the head referee continues play as in an advantage situation, they shall raise their own arm as well.

D. After all penalties are adjudicated, play is restarted.
10. Game Officials

10.1. THE OFFICIALS

10.1.1. The head referee

A. Tournament officials must appoint a head referee for each game.
B. The head referee has the authority to enforce the rules and take disciplinary action from the moment they enter the player area until they leave the player area after the final whistle.
C. The head referee may stop play at any time in order to enforce rules or otherwise facilitate safe and fair gameplay.
D. The head referee is the only official who may directly issue penalty cards.
   i. Other officials may advise the head referee to issue penalty cards.
E. The head referee may replace any official with an appropriate replacement if the official is injured or, in the opinion of the head referee, needs to be dismissed.
F. The head referee may be replaced at the discretion of the tournament director if, and only if, the head referee has demonstrated gross violation of their responsibilities or is too injured to continue officiating.
   i. The replacement referee must review the scorecard prior to resuming the game.
G. All other officials must defer to the authority of the head referee.

10.1.2. Appointing additional officials

The head referee or tournament officials must appoint at least two assistant referees, a lead assistant referee, a scorekeeper, and a snitch runner and may appoint other officials (up to two additional assistant referees, a timekeeper, and two goal judges) for each game.

10.1.3. Officiating with a minimum crew

It is highly recommended that two goal judges and a timekeeper are appointed for each game.

A. If a separate timekeeper is not appointed, the scorekeeper assumes the responsibilities of the timekeeper.
B. If goal judges are not appointed, the head referee assumes the responsibilities of the goal judges.

10.1.4. Assistant referees

A. The primary focuses of the assistant referees, subject to the discretion of the head referee, are:
i. Calling whether players are subject to the knockout effect.
ii. Watching plays away from the quaffle.
iii. Watching for balls and players going out of bounds.

10.1.5. Lead assistant referee

A. May be assigned responsibilities at the discretion of the head referee, but after the snitch is released the primary focuses of the lead assistant referee, subject to the discretion of the head referee, are:
   i. Watching plays around the snitch runner including knockouts and potential catches.
   ii. Ruling whether the snitch runner is down and counting the three second head start.
   iii. Enforcing snitch handicaps.

B. The lead assistant referee must not provide any additional advice or warnings to the snitch runner during the game to help them avoid being caught, including but not limited to the locations, substitutions, and tactics of the seekers.

C. The lead assistant referee may stop play only if they believe that a snitch catch may have been successful.

10.1.6. Goal judges

A. The primary focuses of the goal judges, subject to the discretion of the head referee, are:
   i. Watching shots taken toward the goals.
   ii. Ruling whether the quaffle is out of bounds on their endline.

10.1.7. Scorekeeper

A. The primary focuses of the scorekeeper are:
   i. Keeping track of the game’s score.
   ii. Updating the game’s scoreboard.
   iii. Recording the player number and reason for all penalty cards.
   iv. Announcing the score at regular intervals and upon request.
   v. Counting down the time to 20 minutes of game time.

10.1.8. Timekeeper

A. The primary focuses of the timekeeper are:
   i. Keeping track of game time.
   ii. Keeping track of penalty time and releasing players from the penalty box after their penalty time is served.
   iii. Acknowledging the seekers and snitch runner when they report to the scorekeeper’s
table and releasing them onto the pitch at the appropriate time.
iv. Watching for seeker false starts.
B. The game clock does not need to be displayed in a way that is visible to the players on the pitch. However, if the game clock is displayed it must:
i. Be directly and solely controlled by the timekeeper.
   a. If there are multiple displays on the field, the displays must be controlled by a single set of controls such that the displays cannot fail to match.
ii. Be clearly and fairly visible to both teams.
iii. Be the official clock.
   a. No displayed game clock may ever be unofficial.
   b. If a displayed game clock malfunctions or otherwise ceases to be the official clock, it must be turned off unless and until it is corrected and becomes the official clock again.

10.1.9. The snitch runner

A. The snitch runner is an official and may advise the other officials on any call.
B. The snitch runner may only make direct calls on the following:
   i. Knockouts, including dismounts, around the snitch runner.
   ii. Illegal contact committed against the snitch runner.
   iii. Down calls when their clothing is askew and needs to be adjusted.
C. If the snitch runner and another official disagree on a direct call, the snitch runner must defer to the other official while play is live.

10.2. OFFICIALS’ CALLS

10.2.1. Referee’s discretion

In cases where intent or severity are relevant to a call, the referee retains full discretion in judging that severity or intent.

10.2.2. Basis of calls

Calls made by any official must be made only based on their observations and those of the other officials appointed for the game.

10.2.3. Adjusting calls during a stoppage

The head referee may freely change calls made during a stoppage before resuming play.

   A. Once the head referee blows the three whistles indicating the end of the period, goal and
snitch catch calls for that period become final and must not be adjusted.

10.2.4. Adjusting a goal call

The head referee may adjust a goal or no-goal call at any time prior to the formerly defending team having possession of the quaffle outside of the keeper zone and a subsequent significant interaction or play by the player with possession of the quaffle.

10.3. PLAYERS AND OFFICIALS

10.3.1. Interactions with officials

A. Players and team staff must abide by the decisions and directives of the head referee and all other officials.
B. Players and team staff must not show disrespect to any official including persistently questioning the decisions of the officials.

- **Blue or Yellow Card**—Disrespecting an official
- **Yellow Card**—Disregarding an official’s directive

10.3.2. Using referee commands

Players and team staff may not use verbal or visual referee signals or commands.

- **Blue Card**—Illegally using verbal or visual referee signals or commands
Appendix A: Definitions

**Bat**—To propel a ball by hitting it with another ball that is still in one’s possession at the time of the hit.

**Beaters**—Two players on each team who must wear black headbands and throw, kick, or in any way propel the bludgers by “knocking out” other players.

**Bludger**—One of three 8.5 inch diameter inflated rubber balls which may only be used by the beaters and are used to temporarily knock opponents out (See: 2.3.2. Bludgers).

**Brooms down**—A call made by the referee at the beginning of a period before brooms up. After brooms down, players may no longer change position headbands or location behind the keeper zone line.

**Brooms up**—A call made by the referee at the beginning of a period. At the first “B” sound of brooms up, play begins.

**Chasers**—Three players on each team who must wear white headbands and throw, kick, or in any way pass the quaffle through the opposing team’s hoops to score 10 points and attempt to stop the other team from doing so. Chasers are quaffle players.

**Dead bludger**—A bludger which cannot inflict the knockout effect due to not being live (See: 5.2.2. Live bludger).

**Dead quaffle**—A quaffle which must be made live before it can be played normally or used to score. (See: 4.2.1. Dead quaffle).

**Free bludger**—A bludger that is not in the possession of a beater on either team.

**Gender maximum rule**—The rule which allows each team to have a maximum of four players, during a seeker floor, or five players, after the seeker floor, who identify as the same gender in active play on the field at the same time. (See: 1.2.3. Gender maximum rule).

**Game**—A singular competition between two teams for the purpose of declaring a winner. A game must follow all rules in this rulebook as well as any USQ regulations to be considered official.

**Game time**—The official time of any given game, measured from the first “B” sound of brooms up until the end of the final period of the game but paused for stoppages in play and between periods.

**Good goal**—Ten points are scored for a team when the quaffle in any way passes entirely
through their opponent’s hoops and the goal is confirmed as good (See: 4.1.1. Good goal).

**Helpless receiver**—A receiver who is in the process of catching a ball that is in the air. The receiver does not have to leave the ground in order to be considered a helpless receiver. It is illegal to push, charge, tackle, or wrap a helpless receiver (See: 6.1.7. Helpless receiver).

**Hoop**—A hoop-loop and the pole it is attached to (See: 2.2.2. Hoop Shape). The hoop base is not considered part of the hoop. Players must touch one of their non-dislodged hoops before remounting to complete the knockout procedure.

**Hoop loop**—The 33” inner diameter circle through which the quaffle must pass to score a goal (See: 2.2.2. Hoop Shape).

**Incidental**—Occurring merely by chance or without intention or calculation.

**Intentional**—An action performed with a specific purpose in mind.

**Keeper**—The quaffle player on each team who must wear a green headband and is a quaffle player but has special additional rules related to preventing opponents from scoring with the quaffle.

**Kick**—To strike with a foot or feet, or with any part of the leg below the knee. At the time of a kick the player striking the ball is considered to have possession of that ball, if they are the only player in contact with it. A player may kick a ball they are able to play once, but it must be picked up before they may kick it again. It is illegal to kick an opponent.

**Knockout immunity**—A player with knockout immunity is not knocked out by live bludgers. This can include an immune keeper or beater (See: 5.5.2 Claiming knockout immunity and 7.2.2 Keeper-specific powers).

**Live bludger**—A bludger that has been thrown, kicked, or otherwise intentionally propelled by a beater who is in play, unless they are inbounding the ball, knocked out, or struck. A live bludger can inflict the knockout effect upon opponents (See: 5.2.2. Live bludger).

**Live quaffle**—A quaffle that is neither dead nor unscorable and may be used to score. (See: 4.2.1. Dead quaffle and 5.6.3. Unscorable quaffle).

**Natural motion**—A player’s continued movement in making a play, one singular natural motion that the player had already started, if that motion cannot be stopped (See: 5.6.1. Natural motion).

**Opponents’ keeper zone**—The keeper zone containing the hoops that a team is assigned to attack.

**Opponents’ half**—The half of the pitch or player area containing the hoops that a team is
assigned to attack.

**Opponents’ live bludger**—A live bludger most recently made live by the player’s opponent

**Overtime**—Overtime is an extra period in a game that occurs when a snitch catch during the snitch period causes a game to be tied (See: 3.5.4. Overtime).

**Own keeper zone**—The keeper zone containing the hoops that a team is assigned to defend.

**Own half**—The half of the pitch or player area containing the hoops that a team is assigned to defend.

**Penalty box**—A 6x6 yard box bordering the midfield line, the pitch, and the player area boundary (See: 2.1.5. Penalty boxes).

**Penalty time**—The time a player must spend in the penalty box due to a foul. Penalty time is measured in game time and therefore does not run during a stoppage of play.

**Period**—A segment of a game. There may be up to three periods in any given game: regulation time containing the seeker floor and snitch period, which occurs in all games, and overtime, which occurs when the teams are tied at the end of regulation time.

**Pitch boundary**—The 66 x 36 yard rectangular area marked by the boundary lines into which play is generally restricted (See: 2.1.1. Boundary lines).

**Player**—Any person on a team’s roster who is eligible to be in play.

**Player area**—The 72 x 48 yard rectangular area which includes and surrounds the pitch. Spectators may not enter the player area. Anything outside the player area is the spectator area (See: 2.1.9. The player area).

**Player Identifier**—Verbal signal used to specify which player a ref is addressing. Usually a combination of the player's team name or jersey color and their jersey number.

**Possessing Team**—In the context of the third bludger, the possessing team is the team that initially possessed two bludgers when the remaining free bludger became the third bludger.

**Possession**—Complete and sole control of the ball. A player who is intentionally kicking or swatting a ball on the ground is considered to have possession (See: 7.1.1. Use of the ball).

**Protected Keeper**—A keeper within their own keeper zone, except in the situation described in 7.2.2.B.

**Quaffle**—The ball used by chasers and keepers to score goals (See: 2.3.1. The quaffle).
Quaffle carrier—The player in possession of the quaffle.

Reckless—Playing with a complete disregard for the consequences of one's actions.

Regulation time—The duration of a game from brooms up until the first good snitch catch. Regulation time excludes any overtimes.

Scorekeeper’s table—The location outside the player area, approximately along the extension of the midfield line, where the scorekeeper and timekeeper are stationed. This is not always an actual table.

Scoring Team—The team for which a snitch catch is made or a goal is scored, regardless of which team directly caused the score.

Seeker—The player on each team who must wear a yellow headband and who attempts to remove the snitch tail from the snitch runner to score 30 points and end the game.

Seeker floor—The time during a period in which the snitch is ineligible to be caught. In regulation time the seeker floor is 20 minutes. (See: 3.4.2. Seeker floor).

Snitch—The snitch is a ball contained within a fabric sleeve. Seekers attempt to catch the snitch to earn 30 points and end the game. (See: 2.3.3. The snitch).

Snitch tail—The fabric sleeve which contains the snitch ball and must be attached to the back of the snitch runner’s shorts.

Snitch period—The period of play after the seeker floor where seekers and the snitch are added into regular game play.

Snitch runner—A game official who is tasked with protecting the snitch from being caught (See: 8. The snitch runner).

Speaking captain—The designated individual on the team who is the only person who may speak for the team when conversing with officials (See: 1.1.1. Mandatory speaking captain).

Spectator area—The area outside of the 72 x 48 yard player area.

Stoppage—The time within a period between a referee stopping play and when the head referee resumes play. The time between two periods is not a stoppage.

Struck beater—A struck beater is a beater who has been hit by a live bludger propelled by an opponent (See: 5.4.3. Struck beater).

Substitute—A player who is not currently in play.

Substitution area—A designated zone for each team existing outside of the pitch boundary.
where all of that team’s substitutions must take place (See: 2.1.7. Substitution areas).

**Third bludger**—The only free bludger when one team has possession of the other two. The bludger can remain the third bludger when the possessing team loses a bludger under certain conditions (See: 5.5.1. The third bludger)

**Tripping**—Any attempt to knock a player off their feet through contact below their knees. Tripping is always illegal physical contact.

**Unscorable quaffle**—A quaffle that is live but cannot result in a goal (See: 5.6.3. Unscorable quaffle).

**Yank**—To pull with sudden sharp force.
Appendix B: List of Fouls by Type

B-1. INDIVIDUAL FOULS

B-1. Repeat procedure offenses

The following are offenses for which the offending player must repeat the action properly before continuing with play:

1.3.1. Substitution violation
5.3.1. Violating the knockout procedure

B-1.2 Back to hoops offenses

The referee must send any player who commits a back to hoops offense back to that player’s hoops with the player completing the entirety of the knockout procedure as described in rule 5.3.1. The following are back to hoops offenses:

2.5.3. Illegally failing to replace a lost headband
3.3.3. Second false restart
5.5.2. Improper immunity claim
5.5.2. Minor invalid immunity claim
6.4.1. Minor illegal interposition interaction
7.1.2. Minor failure to avoid a propelled quaffle
7.5.3. Intentionally or egregiously illegally going or remaining out of bounds
7.5.4. Illegally physically preventing the inbounding player from re-entering the pitch
8.4.3. Illegally pursuing the snitch
9.1.4. Delaying the completion of the turnover procedure

B-1.3. Turnover offenses

The following offenses result in a turnover of either a quaffle or a bludger:

5.6.2. Unintentional natural motion violation
7.1.2. Incidental interposition ball interference (Also 7.1.4.)
7.4.3. Illegal reset

B-1.4. Blue card offenses

The following are blue card offenses:
1.1.1. Encroaching on the pitch (Also 1.1.2.)
1.3.1. Illegal Substitution
1.4.3. Sideline interference
2.5.2. Entering play without wearing mandatory equipment
2.5.2. Intentionally removing mandatory equipment while in play
2.5.4. Entering play without a legal and recognizable jersey number
2.5.5. Using illegal additional equipment in play
3.2.1. Changing position headbands after the “Brooms Down” call
3.2.1. Changing location behind the keeper zone line after the “Brooms Down” call
3.2.1. False Start
3.4.4. Seeker false start
4.2.1. Intentionally and illegally interacting with a dead quaffle
4.3.3. Illegally resetting an opponent’s hoop
4.3.3. Unintentionally dislodging hoops repeatedly
5.2.3. Illegally contacting an opponent with a held bludger
5.3.2. Illegally interacting with play while knocked out
5.3.4. Affecting play while unknowingly knocked out
5.4.1. Illegal bat
5.4.1. Illegal block
5.4.2. Illegal bludger swat (Also 7.1.2.)
5.4.3. Struck beater violation
5.5.2. Invalid immunity claim
5.5.3. Immunity violation
6.5.2. Repeated use of explicit or vulgar language
7.1.1. Illegally using a ball of one’s own position
7.1.2. Failure to avoid a propelled quaffle
7.1.3. Illegally failing to make a reasonable effort to avoid a ball
7.1.5. Illegal second kick
7.5.2. Propelling a ball with the intent of sending any ball out of bounds
10.3.2. Illegally using verbal or visual referee signals or commands

B-1.5. Yellow card offenses

The following are yellow card offenses:

1.3.4. Feigning an injury
3.3.1. Intentionally illegally moving during a stoppage
3.3.1. Intentionally illegally moving or taking hold of a ball during a stoppage.
4.3.3. Recklessly dislodging a hoop
5.2.1. Willfully ignoring being knocked out (Also 5.2.5.)
5.3.1. Intentionally or repeatedly violating the knockout procedure
5.3.3. Illegal contact while knocked out
5.6.2. Intentional natural motion violation
6.1.3. Dangerous kick
6.1.5. Kicking an opponent
6.1.7. Illegally hurdling or attempting to hurdle any person
6.1.12. Playing recklessly
6.4.1. Illegal interposition interaction
6.4.2. Illegally interacting with a knocked out opponent
6.5.1. Unsportsmanlike conduct
6.5.6. Pretending to be fouled
7.1.1. Using a ball to intentionally interact with the snitch runner
7.1.2. Interposition ball interference (Also 7.1.4.)
7.1.2. Illegally unintentionally blocking a propelled quaffle from scoring
7.5.2. Intentionally or blatantly ignoring a “boundary” call
9.1.4. Willfully ignoring a turnover call
9.4.2. Failing to immediately proceed to the penalty box after being carded
10.3.1. Disregarding an official’s directive (Also 2.5.7.)

B-1.6. Red card offenses

The following are red card offenses:

1.4.3. Intentional sideline interference
2.4.2. Knowingly initiating a new play with a broken broom
2.5.11. Wearing forbidden equipment that impacts play
2.5.6. Using equipment in play that was disallowed by a game official
2.5.8. Using equipment explicitly barred by the tournament director
2.5.9. Illegally altering game equipment
2.5.10. Wearing forbidden equipment
4.1.2. Intentional interposition goaltending
4.3.3. Intentionally dislodging a hoop
4.3.3. Moving or altering a hoop to affect whether the quaffle will pass through it
6.1.3. Violent or egregious illegal kick
6.1.5. Violently or egregiously illegally hurdling any person
6.1.7. Charging a helpless receiver
6.1.7. Tackling a helpless receiver
6.1.12. Playing egregiously recklessly
6.1.13. Egregiously illegal contact against an opponent, spectator, official, or event staffer
6.4.1. Violent or egregious illegal interposition interaction
6.4.2. Violently or egregiously illegally interacting with a knocked out opponent
6.5.1. Egregious unsportsmanlike conduct
6.5.3. Engaging in a physical altercation with an opponent, spectator, official, or event staffer
6.5.4. Intentionally spitting at or on an opponent, spectator, official, or event staffer
6.5.5. Serious foul play
7.1.2. Intentionally and illegally blocking a score (Also 7.1.3.)

B-1.7. Ejection offenses

The following offenses result in an ejection, without a red card:

2.5.11. Wearing forbidden jewelry that does not impact the game
6.1.13. Egregiously illegal contact against a teammate
6.5.2. Egregious internal unsporting conduct
6.5.3. Engaging in a physical altercation with a teammate
6.5.4. Intentionally spitting at or on a teammate

B-1.8. Standard contact penalty offenses

The following offenses result in the application of the standard contact penalty set, found in rule 9.1.8.:

6.1.1. Illegal physical contact
6.1.2. Illegal pick
6.1.2. Illegally charging a picking player
6.1.4. Illegal slide
6.1.4. Illegal dive
6.1.6. Illegal contact through a teammate
6.1.8. Illegal attempt to steal
6.1.9. Illegal contact from behind
6.2.1. Illegal body block
6.2.2. Illegal push
6.2.3. Illegal charge
6.2.4. Illegal wrap
6.3.1. Illegal interaction with the snitch runner

B-1.9. Offenses with unique penalties

Some offenses have unique penalties, applying multiple sanctions or with optional sanction levels. The following offenses result in the penalty listed after them in parentheses:

5.5.1. Third bludger interference (Back to Hoops plus double bludger turnover)
7.4.1. Delay of game (Blue card and quaffle turnover)
7.5.4. Inbounding procedure violation (Back to hoops and turnover)
10.3.1. Disrespecting an official (Blue or Yellow card)

B-2. SPEAKING CAPTAIN FOULS

B-2.1. General offenses by the speaking captain

Except where explicitly listed, speaking captains are subject to the same penalties as players when they commit fouls themselves.

B-2.2. Speaking captain blue card offenses.

The following fouls result in a blue card for the team’s speaking captain, regardless of which team member caused the foul:

2.4.4. Exceeding the broom limit
2.5.4. Having two players wearing the same number in the player area
9.1.6. Illegally communicating with people in the player area as an ejected player

B-2.2. Speaking captain yellow card offenses.

The following fouls result in a yellow card for the team’s speaking captain, regardless of which team member caused the foul:

1.2.2. Illegal set of players in play (Also 1.2.3.)
1.2.2. Intentionally failing to send a seeker into the game
1.3.5. Illegal substitution between periods
9.4.3. Illegal substitution in the penalty box
B-3. FORFEIT FOULS

B-3.1. Forfeit offenses

The following offenses by individual team members or the team as a whole result in a forfeit:

1.2.1. Falling below seven eligible players
9.1.6. Persistently refusing to leave the player area after being ejected
9.1.6. Endangering others after being ejected
9.4.6. Having all players in play serving penalty time
## Appendix C: Referee Signals

**Signal Legend:**
A - Administrative  
C - Physical Contact  
I - Interaction  
P - Procedure  
U - Unsporting

*Referee signal illustrations will be available soon.*

<table>
<thead>
<tr>
<th>Signal Type</th>
<th>Foul Type</th>
<th>Signal</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Goal</td>
<td>One long whistle blast. Both arms above the head.</td>
</tr>
<tr>
<td>A</td>
<td>No goal or bad snitch catch</td>
<td>Both arms out at the sides, then crossed at shoulder level, hands open</td>
</tr>
<tr>
<td>A</td>
<td>Own zone keeper possession</td>
<td>Yell “keeper.” Arms crossed at shoulder level, fists clenched.</td>
</tr>
<tr>
<td>A</td>
<td>Good snitch catch</td>
<td>Three long whistle blasts. Wave both arms above head once per whistle.</td>
</tr>
<tr>
<td>A</td>
<td>Knocked out</td>
<td>Yell &quot;beat&quot; followed by a player identifier. Point at player’s own hoops with two fingers.</td>
</tr>
<tr>
<td>A</td>
<td>Stop play</td>
<td>Paired whistle blasts. One arm above the head.</td>
</tr>
<tr>
<td>A</td>
<td>Restart play or declare quaffle live following a goal</td>
<td>One short whistle blast. Chop downward with one arm.</td>
</tr>
<tr>
<td>A</td>
<td>Advantage to fouled team</td>
<td>One arm above the head. Throw marker to indicate location of quaffle at time of foul.</td>
</tr>
<tr>
<td>A</td>
<td>Warning</td>
<td>One arm out toward offending player, palm outward.</td>
</tr>
<tr>
<td>A</td>
<td>Back to hoops</td>
<td>Yell &quot;Back to Hoops&quot; followed by a player identifier. Point at player's own hoops with two fingers.</td>
</tr>
<tr>
<td>A</td>
<td>Blue, yellow, or red card</td>
<td>Extend arm, point at player with two fingers. State player identifier and foul. Show card to player, then scorekeeper. Hold up one finger (blue card or yellow card) or two fingers (red card) for penalty time.</td>
</tr>
<tr>
<td>A</td>
<td>Timeout</td>
<td>Wave hands over head once then point with both hands to the team calling the timeout</td>
</tr>
<tr>
<td>A</td>
<td>Reset used</td>
<td>Yell “reset used”. Swing one arm out, palm down, toward the offensive team’s hoops.</td>
</tr>
<tr>
<td>A</td>
<td>Secondary Penalty</td>
<td>Egregious or other red card version of normally lesser foul</td>
</tr>
<tr>
<td>A</td>
<td>Turnover</td>
<td>One arm out in front, bent at the elbow with palm facing upward. Rotate at the elbow until palm is facing downward.</td>
</tr>
<tr>
<td>A</td>
<td>Forfeit (offense or by request)</td>
<td>Same signal as good snitch catch.</td>
</tr>
<tr>
<td>A</td>
<td>Offensive player beat before score attempt</td>
<td>Use the side of a closed fist to gesture to beat body part.</td>
</tr>
</tbody>
</table>

<td>Quaffle leaving the pitch boundary</td>
<td>For GJ: One arm straight up.</td>
</tr>
<tr>
<td>A</td>
<td>Counting down three-second head start after snitch reset</td>
<td>For LAR: One arm above the head, with fingers extended corresponding to number of seconds remaining.</td>
</tr>
</tbody>
</table>

### Becoming a Certified Referee or Snitch

USQ offers support and certification for referees and snitches. A certified head referee and lead assistant referee are paid per game and are required in order for any game to count as USQ official. Certified snitches are not required for official games, but certified snitches are paid for official games they officiate. To learn more, visit [www.usquidditch.org/get-involved/officials/](http://www.usquidditch.org/get-involved/officials/)

### Appendix D: Changelog

**MAJOR CHANGES:**

2.1.6. Changes to the starting ball positions.

2.2.3. Side hoops moved out from 2 yards to 3 yards from the center hoop.
3.1.2. Coin toss now determines multiple outcomes for the new starting procedure.

3.2.1. Complete rework of the starting procedure has players starting on the sideline with only one quaffle player and one beater from each team going for the balls on the midline.

3.4.2. Seeker floor now ends at 20 minutes.

3.4.3. There is now an intermission at 20 minutes. Play is stopped at 20 minutes of game time with no advantage given. Players return to their keeper zone and retain any balls they had possession of at the stop of play. Players may substitute during the intermission. A score cap of 70 points over the leading team’s score is established.

3.4.4. The snitch period will end either with a good snitch catch or a team reaching the score cap established at 20 minutes.

3.5.1. Overtime has been replaced by the procedures for second overtime. There is no longer a second overtime.

5.3.1.B. Knocked out players must now tag up on the middle hoop instead of any of the three hoops.

5.3.1.B.iii. The center hoop base and parts attached to it can now be used, even if the hoop is dislodged.

6.2.4.B. It is no longer illegal to wrap with two hands and all contact made illegal by this including tackles and charges involving two hands are also legal. This does not include pushing.

7.4.2. Stalled quaffle rule added that results in a turnover if the quaffle is possessed by players contacted on the ground and not progressing the quaffle for 10 seconds.

8.2.3. Timing of snitch handicaps has been adjusted to be at 20 minutes, 25 minutes, and 30 minutes.

9.1.5.E. It now takes 3 yellow cards to receive a red card.

MINOR CHANGES:

3.1.1. Greater detail given on the pregame meeting.

5.5.1.B.ii. Clarification to how bludgers are turned over.

6.2.3.D. Clarification on definition for illegally launching into another player during a charge.

10.1.5. The Lead assistant referee now assumes the responsibilities of the snitch referee.

10.1.7. The timekeepers responsibilities have been expanded to include counting down for
intermission.
